GOLDen Nuggets

In honor of Oswego's Sesquicentennial, or 150th birthday, we dug up some anniversary nuggets ...

- For couples, wedding anniversaries have certain gifts associated with them:

1st – paper	25th – silver
5th – wood	40th – ruby
10th – tin	50th – gold
15th – crystal	60th and 75th
20th – china	– diamond
- And while you're shopping for that anniversary gift, consider: It is rarer to find a one-ounce nugget of gold than a five-carat diamond.
- You think Sesquicentennial is tough to say? Try these tongue-twisters:
 - Quasquicentennial (125 years)
 - Dodrantsbicentennial (175 years)
 - Sestercentennial (250 years)
 - Quadricentennial (400 years)
