PENFIELD LIBRARY’S LAKE EFFECT FACULTY RESEARCH GRANT - 2013

Ten grants @ $400 each will be awarded to faculty in the spring of the academic year for selection of materials to be purchased by Penfield Library for its collection. Funds will be allocated from the Coordinated Collection Development Grant received from the State. All faculty are eligible for grants. Faculty must fill out a short application form and submit it to a Committee of 3-5 subject librarians selected by the Coordinator of Collection Development. The Director will act as an ex officio member. Faculty will request material that either supports his/her research interests or program/course curriculum needs. All material will receive a bookplate with faculty name, dept., and year grant was issued.

CRITERIA:

- Faculty will complete a brief application and summit it by the application deadline.
- Material must be published within the last five (5) years
- Faculty must prioritize titles (Low, Medium, High)
- Paperbacks will be the preferred edition; hardcover will be considered if no paperback has been issued
- Any format will be acceptable; (eg. dvd’s, monographic cds, print monographs)
- Faculty will not request serials: including but not limited to: journals, newspapers or on-going series
- Bibliographic citations must include: Title, author/editor, publisher, publication date and cost. ISBN will be optional.

These materials do not become the property of individual faculty members but will become a part of the Penfield Library collection. They will initially be on HOLD at the 1st Floor Service desk for the faculty requestor.

Application follows on 2nd page. DUE: Friday, April 5, 2013
