

# Upgrading to Firefox 2.0

## PC

1. Launch Firefox, in address box type: [www.oswego.edu/help](http://www.oswego.edu/help) and on the left-hand navigation - click **Software Downloads**

2. Click on **Download Firefox 2.0 for Windows**

3. Click **Save File**

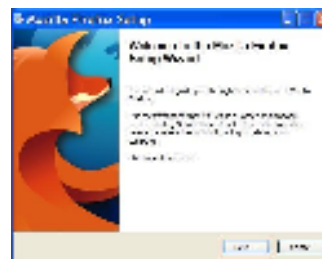

4. After the file has downloaded, close Firefox and all other applications

5. Double Click on **Firefox setup** Icon

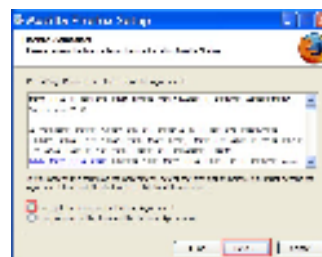

After extract completes, click **Next**

6. Read and accept the terms of the License Agreement

Click **Next**

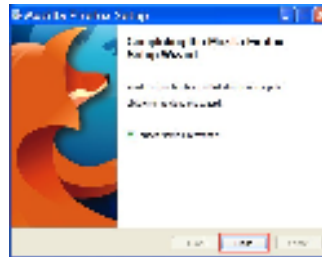

7. Confirm that setup options settings are set to **Standard**

Click **Next** to install Firefox 2.0

8. After the install has completed, click **Finish**

**Note:** Ignore any prompts to look for new Firefox updates. CTS is testing Firefox 3.0 for compatibility within other applications.
