Frequently Asked Questions :

Is there a place on campus to purchase a laptop ?

*Yes, you can purchase laptops from our campus store.
<http://www.oswego.edu/store>*

Does your campus provide any free software ?

Yes, Campus Technology Services provides many pieces of free software including McAfee Antivirus. <http://www.oswego.edu/cts/>

Will a Mac laptop be okay to use in the School of Business ?

You will need to have one of the required Microsoft Windows operating systems installed on your Mac and Microsoft Office for Windows including Access. The Apple version of Microsoft Office does not include Microsoft Access, which is one of the required pieces of software.

Do not purchase a laptop without first reviewing the laptop software requirements above. If you have any further questions regarding laptops in the School of Business at SUNY Oswego, please contact:
