

What is the projected enrollment when the program begins? It is expected that students now majoring in HDV, PBJ, SOC, HSC and possibly BUS will find this to be a very attractive minor. We envision 10-20 minors as the minor begins.

What is the projected enrollment after five years? Given the demographics of the US, and the time it will take to get this minor publicized and supported adequately, it might be reasonable to expect an enrollment of 50-75 after five years.

How were these projections determined? This is based on a survey of current student interest.

E. Faculty

List the name of each faculty member who will teach required and/or elective courses in the minor. Indicate the academic leadership of the program by placing an asterisk next to the name of the director or chair.

Core:

HDV 120—Introduction to Gerontology	L. Brown, *D. Shedlock
GRT385—Research in Applied Gerontology	*L. Brown, D. Shedlock, & SOC faculty
GST302—Service Learning in Eldercare Capstone	* P. Roodin, Director of EBE

Cognates:

HSC 448—Program Planning	C. Brouse
PHL 307—Philosophy, Public Policy, and Public Affairs	B. Wray
POL 497—Health Policy in the US	L. Clemo

Electives:

COM 422—Intercultural Communication	
PSY 351—Interpersonal Victimization	P. Brand
PBJ 202—Helping Skills	R. Young
SOC 180—Introduction to Social Work	R. Stetson

PSY 310: Topics —Health Psychology	B. Gump
HSC310—Disease, Lifestyle, and Environment	R. Graham
HSC 315—Nutrition Concepts	A. Licatese

ANT 368—Death and Dying: A Cross-Cultural Perspective	P. Voninski
