- c. *Indicate the number of undergraduate and graduate elective credits required.*

Nine semester hours of undergraduate Psychology electives and 12 credit hours of MBA electives are required.

- d. *Indicate the number of semesters of full-time study required for program completion at the undergraduate and graduate levels.*

Ten semesters of study are required. The first seven of these semesters will be exclusively comprised of undergraduate coursework. Students will enroll in a mix of graduate and undergraduate courses during the eighth semester. Semesters nine and ten will be exclusively comprised of graduate coursework in business.

- e. *State all other program requirements such as thesis, comprehensive examination field experience, project, and residence.*

Students must complete three credit hours of an Advanced Tool in the MBA program. Currently, four courses satisfy the Advanced Tool requirement.

- f. *Describe the means by which program quality at both degree levels is assured in spite of time-shortened aspects of the program.*

Each student will be evaluated during the sixth semester to determine whether he/she will be allowed to being the graduate component of the program. Students must earn a minimum grade of C- in all undergraduate core courses, have a minimum GPA of 3.0 and a minimum score of 450 on the GMAT, and have completed at least 96 S.H. by the end of semester six in order to advance into the graduate course. Students not meeting this requirement will be transferred into the Psychology B.A. program and the Business Administration minor program.

Appendix. Description of standard and combined degree programs

The following is a complete summary of the standard B.A. Psychology suggested program of study compared with the combined B.A. Psychology/MBA suggested program of study. Alterations to the B.A. program are highlighted in boldface type.
