Subject: Arrival Information • Syracuse, NY, Airport  

Van to campus – Fall 2008

Students arriving for the Fall 2008 semester by air, should fly into Syracuse Hancock International Airport in Syracuse, New York (SYR). We will arrange to meet your flight, and transport you to the campus, if you arrive on Friday, August 22, 2008. While the van service is provided primarily for new exchange students, all new international students are invited to take advantage of this complimentary transportation. We are able to make complimentary airport trips only on August 22, 2008. Students arriving before Friday August 22, 2008 will need to arrange travel to campus and cover the extra accommodation costs if staying on campus.

Students arriving by train, or bus at the Regional Transportation Center in Syracuse may take a Centro bus directly to the campus. Centro’s schedule can be found at: http://www.centro.org/cny%20centrosyracuse%20schedules/246Oswego.pdf

Students arriving by car should indicate their estimated arrival time using this form or by direct e-mail: capron@oswego.edu.

All new students are expected to arrive in time for a brief complimentary orientation program to be held on Saturday, August 23, 2008 at 8:30 AM and.

To help us arrange transportation from the Syracuse airport to campus, fax or e-mail us all of the following information by Thursday, August 14, 2008:

Your name:___________________________________________________________
Airline you will be using:______________________________________________
Flight number into Syracuse:___________________________________________
Date and time of arrival in Syracuse:______________________/______________
Airport you will leave, just prior to Syracuse:____________________________
Number of students - if any - traveling with you:___________________________
Your E-mail address____________________________________________________

Please note: We are unable to take you to, or pick you up from, the airport during holidays, OR at the end and beginning of subsequent semesters. Once you are attending Oswego, you will have time to identify local taxi companies that can take you to and from the airport for lower fares than the official airport taxis. If you share rides with other students, you can further reduce costs. If you can travel during school holidays, with one bag and don’t mind waiting, you can also juggle busses and taxis to the airport for much reduced prices.
