# *Oswego State University*

*Annual Report  
1997*

Prepared and Submitted by:  
Thomas Ryan

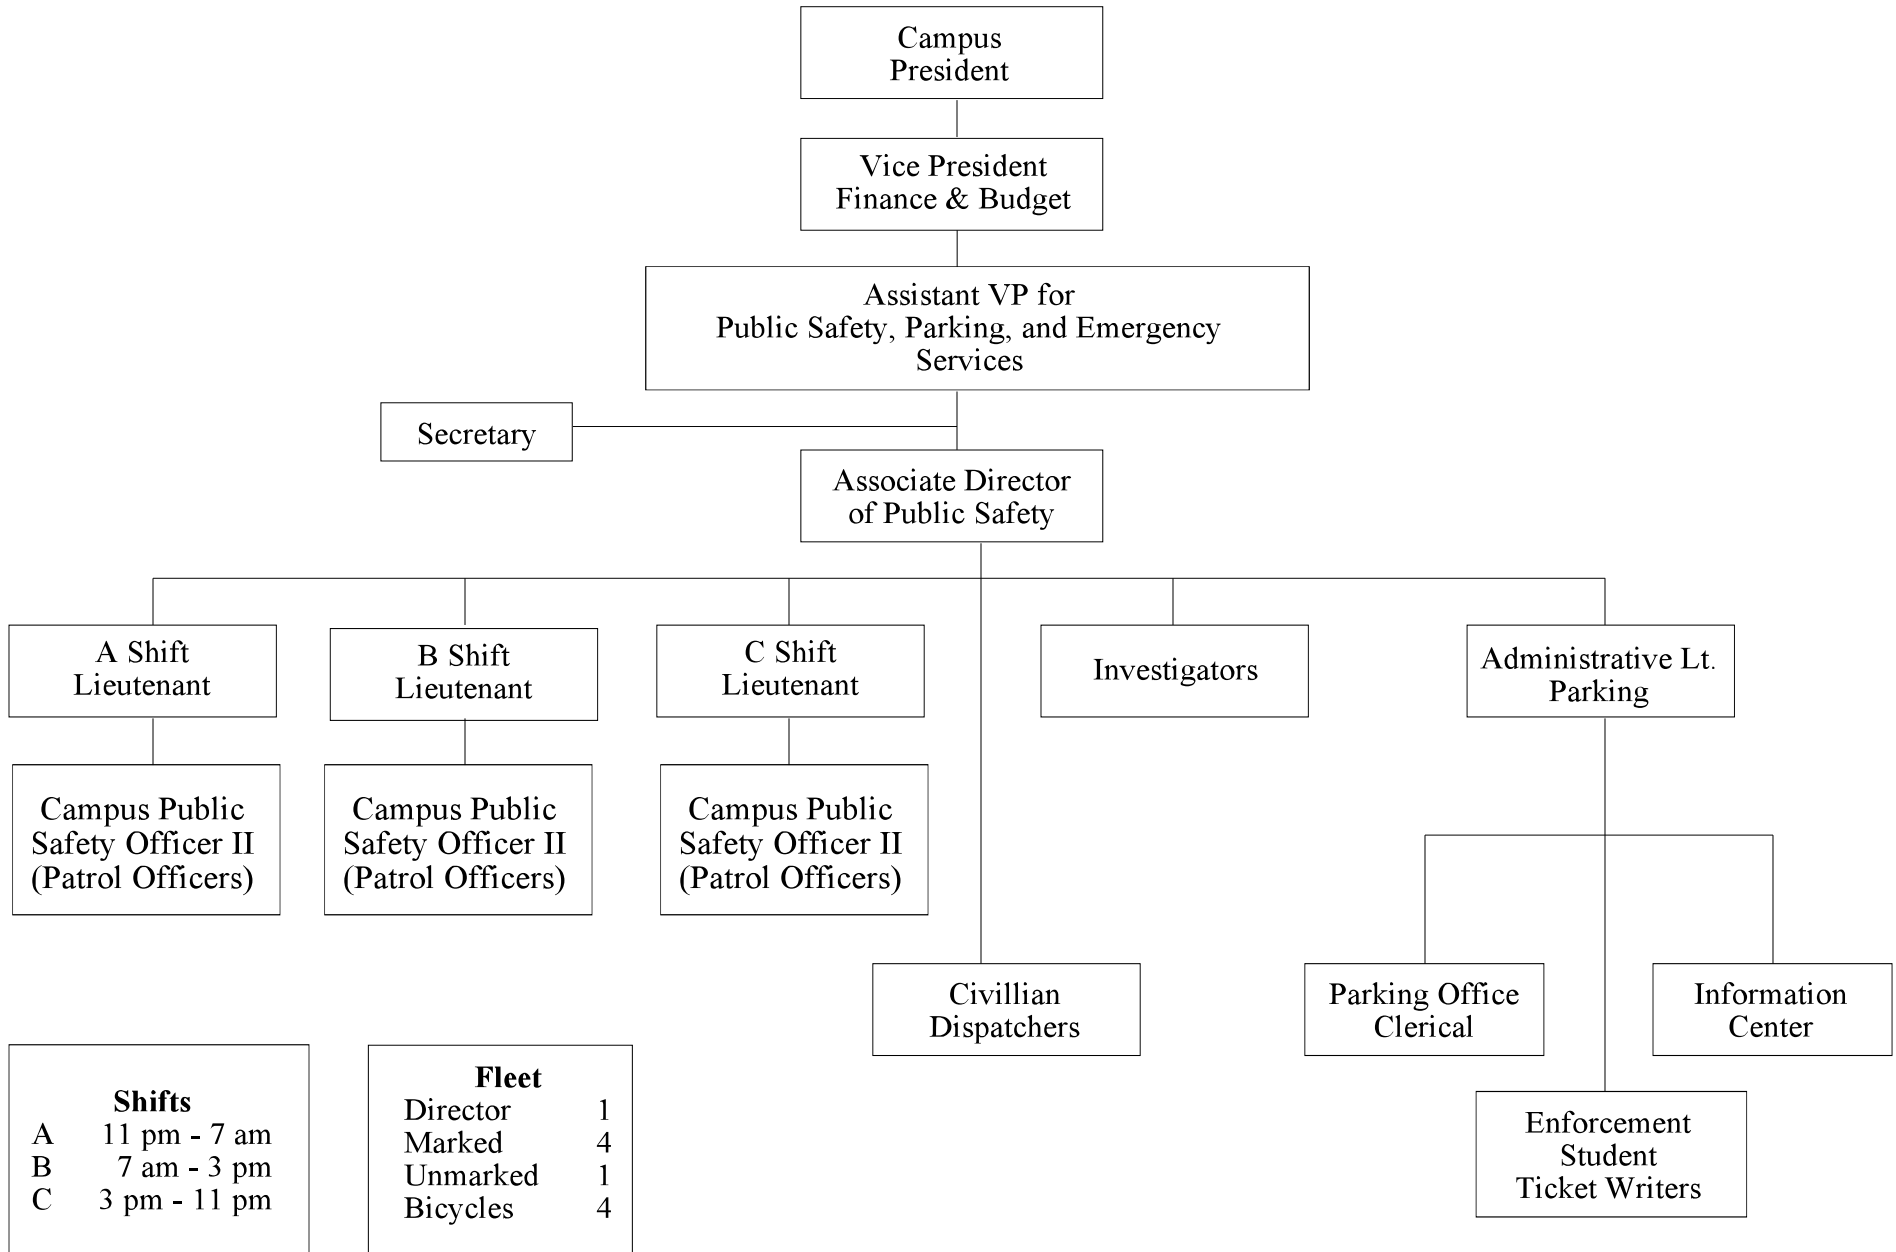

## **MISSION STATEMENT:**

**The Department of Public Safety at Oswego State University was established to maintain and preserve peace on campus. The Department, comprised of professional Law Enforcement Officers and dedicated civilian staff, serves to protect the life, liberty, and property of all individuals who utilize college facilities including students, faculty, staff, and visitors. The uniqueness of providing a Public Safety function in a university setting mandates that only the best possible candidates are hired, those who are able to relate to a college community.**

**An ancillary, but equally important mission of the Department of Public Safety is to educate the campus community in the most modern methods of crime prevention and personal safety and to work as a team with other University offices in providing a safe environment for persons to learn and work. Additionally, the department is sworn to afford everyone the right to express themselves without regard to race, creed, gender, religion, or sexual orientation.**

**The recognition that the Department of Public Safety is not the sole provider of a safe environment, but a member of the entire campus community working as a team, is the foremost precept of our mission.**

## Director's Report

The 1997 edition of our annual report reflects many changes and improvements in our ability to deliver quality services to our campus constituency. First and foremost among these was the appointment of Larry Jerrett to the position of Associate Director of Public Safety. Larry had been serving in the capacity of Acting Assistant Director for one year and it was a natural progression to make the assignment permanent. He is now in charge of our Law Enforcement Division and our criminal incident statistics positively reflect on his ability to handle the task. His appointment has allowed me to be more involved in other activities, both on and off campus, in order to better integrate our department into the campus community. In 1997, I again served as legislative representative for the SUNY Public Safety Director's Association and much of my time was spent in Albany working on our legislative package. Our Police Officer Bill passed in the NYS Senate in 1997 and got held up in committee in the Assembly. We are predicting a very positive outcome on this bill in 1998.

In the area of personnel, Robert LaTulip, our parking appeals officer retired in 1997, and Terry Smith, a retiree from Niagara Mohawk, is now the appeals officer. He has acclimated well to the new position and we are receiving very positive feedback to his appointment from the students. In addition, our administrative offices were relocated in Rich Hall to the former ROTC space and this has allowed us to create a Criminal Investigation Division area away from the main flow of traffic in the building. In addition to being more efficient, this provides some privacy for persons having dealings with the Department of Public Safety.

In the area of Public Relations, we adopted the Rape Aggression Defense Program, a program designed to educate women in ways to make their personal environment safer. Administrative Lieutenant Cindy Adam has been instrumental in bringing this program to Oswego State University. In the near future, we plan to offer this program to university staff as well as to the greater Oswego community. We also started the Police Liaison Program, in cooperation with the Office of Residence Life. In this program, each officer is "adopted" by an individual residence hall, whereby they have a better sense of ownership and students will be more comfortable interacting with an officer they know. The feedback on this program has been very positive and we look forward to expanding the program in the future.

During 1997, we participated in the Oswego County Drug Task Force with several agencies in the county. This culminated in many arrests in the county for various drug offenses during a drug sweep in June. We also joined the Oswego County Task Force on Child Abuse. While we haven't traditionally been involved in Child Abuse cases on campus, our changing population has changed the mix in types of issues that we deal with. In September of 1997 we co-hosted, with the Oswego County District Attorney, the International Conference on Terrorism at Oswego State University. This conference, in conjunction with many Canadian Law Enforcement Agencies, dealt with various issues of terrorism. The Lockerbie Scotland Air Disaster was one of the areas covered which was most appropriate as two of our students were killed in that crash. We are looking forward to renewing our relationship with our Canadian neighbors as this conference becomes an annual event.

In November of this year I traveled with other campus representatives to the NY City Police Academy, the FBI Academy in Quantico, Virginia, and the NYS Police Academy in Albany to tour these facilities and gather ideas as we continue to expand on our campuses ability to offer quality Law Enforcement training. This committee of various campus representatives is actively pursuing law enforcement training for agencies throughout New York State. We held our first Police Bicycle Training Program at Oswego State in 1997 and it was extremely well attended by representatives from many Police Agencies from Central New York. This is now an annual event and we anticipate even greater numbers in 1998.

In the area of parking, we reopened and rebuilt the overflow area in Lot 11 as the demand for that area has increased capacity. We also built a new reserved area at Romney Field House which has doubled our spaces in that area. In conjunction with the roadway project on Rudolph Road, the Lot #3 resident parking area was widened and resurfaced. We also purchased two new pickup trucks with plows for the grounds department.

In 1998, we anticipate continued growth in all areas and look forward to continuing our excellent relationship with the Student Association and the Non-Traditional Student Association working on areas of mutual interest.

## Associate Director's Report

One of the primary responsibilities of the Associate Director is to oversee the operation of the law enforcement division of the Public Safety Department. This includes directing criminal investigations, coordinating officer training, developing policies and procedures, and acting as department liaison with other departments, agencies, and groups on criminal justice issues. The following report gives a general summary of these operations for 1997.

Determining how to combat crime on the campus requires evaluation and action on a variety of fronts. We continued in 1997 to be pro-active about crime. Attempts to stay one step ahead of crime trends were priorities, as were our ongoing attempts to respond effectively and efficiently to reports of crime and the needs of crime victims.

On the whole, crime on the campus for 1997 remained similar to 1996 levels. Although some areas have shown increases, serious crime has remained very low. Only two categories listed as serious crimes, burglary and grand larceny, remain in double digits. Most of the burglaries appear to be entries and thefts in residence hall rooms left unlocked by the residents. The grand larcenies are associated in large part to theft of credit cards and ATM cards.

Technology changes are having an impact on the amount and types of crime on campus. In addition to the increase in unlawful use of ATM and credit cards, computers, cellular telephones, the Internet, voice mail, and other advances are bringing with them their own unique problems. Computers, along with the information they contain, are becoming a greater target for theft. They, and telephone voice mail, are also increasingly being used to commit harassment. E-mail and voice mail are being used to harass by digital proxy, where the perpetrator can send the offending message when it's convenient for them, and do so without fear of being confronted by the victim. The ease and anonymity with which this type of offense can be committed has led to an increase in the number these offenses over the past few years.

As in the past, alcohol continues to be a contributing factor in many offenses. While under the influence of alcohol, people may become perpetrators or victims. The end result is usually pain, loss, and sometimes, arrest. DWI arrests for 1997, however, reflect a decrease of 30% from the past three years. Hopefully, this decrease reflects a genuine reduction in the number of intoxicated drivers, and that it is a result of our efforts at education and enforcement.

During 1997, the department responded in several ways to limit criminal activity on the campus. To be effective, the three avenues of orientation, education, and enforcement need to start with communication, and only through continuing lines of communication with all members of the campus community can a level of trust, understanding, and cooperation be developed. To better assess potential problems and to develop a closer association with students, individual officers have been assigned as liaisons to each residence hall to meet with the residents and to help give them an avenue to regularly communicate with an officer. Increased educational programming, as well as increased cooperation with criminal investigations, has been a result. The bicycle patrol, under the direction of Lieutenant Coates, has also aided communication between officers and members of the community. These silent, maneuverable patrols have also proven a highly effective means of crime prevention and criminal investigation.

Through several years of creation and development the department now has a comprehensive computer network. Investigator Mulvey has been able to create and maintain a LAN and various databases that provide sources for victim assistance, investigations, resource management, training, parking enforcement, criminal and non criminal statistics, and criminal processing. The result is quicker access to necessary information, a greater ability to track and respond to criminal activity, and the ability to more accurately assess department needs and enforcement focus. With our own system, and with the assistance of the other campus departments and their technological resources, the department has been able to respond effectively to the use of technology by the criminal.

There are two significant elements necessary if the Public Safety Department is to be effective. The first is the trust and support of the community. The second is the dedication of the officers and other members of the department. Support by the community has been excellent over the past few years, and it continued to improve in 1997. The dedication of the members of the department also was evident this year. Officers conducted more in-depth preliminary investigations, continuous patrols of all types intercepted crimes in progress, and more follow-up investigations were conducted. The result of this community support and officer dedication was the highest number of arrests ever by the department, while the total number of criminal reports rose only slightly. The year ended with the highest arrest per criminal report ratio in recent years. I look forward to more success in 1998.

This service report represents services provided in 1997 which are not recorded on crime or other service reports. Statistics are derived from a daily report filed by each officer at the end of a tour of duty.

## Uniform Traffic Ticket Report

A total of 417 New York State Uniform Traffic Tickets (TSLEDS) were issued by the Department of Public Safety in 1997. This was an increase of 105 tickets from 1996. Thirty three (33%) percent or 137 of these tickets were for speeding on campus roadways. Motor vehicle operators charged with speeding averaged 39 miles per hour or 19 miles per hour over the posted speed limit. This was consistent with 1996.

Thirteen persons were arrested for Driving while Intoxicated (DWI) in 1997, seven fewer than 1996. The average blood alcohol content of the violators was .13, a decrease from 1996 of .01 percent. The legal limit for blood alcohol content of a DWI offender is .10 percent. Approximately \$3500.00 in fines were collected for Oswego County's Stop-DWI program, through arrest and subsequent conviction of DWI offenders on campus. Funds generated from DWI related offenses support the Oswego County Stop DWI program. The consistent decrease in fine money is a direct result of fewer DWI's through strict enforcement of New York State's tough DWI laws and the Department of Public Safety's commitment to community awareness. There was one alcohol related motor vehicle accident in 1997. The operator, subsequently arrested for DWI, was not affiliated with the campus. This is the first alcohol related traffic accident on campus since 1989.

Eighty three percent or 345 of the traffic tickets issued on campus in 1997 were issued between the hours of 3:00pm and 5:00am. This reflects the effort that the Department of Public Safety puts into safety enforcement on our campus roads, particularly when lighting, visibility, and when conditions post the greatest threat to traffic and pedestrian safety.

<b>TSLEDS</b>	<b>1994</b>	<b>1995</b>	<b>1996</b>	<b>1997</b>
<b>ISSUED</b>	<b>539</b>	<b>392</b>	<b>312</b>	<b>417</b>
<b>CONVICTED</b>	<b>313</b>	<b>301</b>	<b>277</b>	<b>335</b>
<b>DISMISSED</b>	<b>72</b>	<b>57</b>	<b>35</b>	<b>82</b>

Note: 64% of tickets were issued from 3:00pm - 12:00am  
19% of tickets were issued from 12:01am - 5:00am  
17% of tickets were issued from 5:01am - 3:00pm

## Vehicle Registration Information

The vehicle registration information is based on the fiscal year (July 1 - June 30). We continue to show a significant decrease in the number of resident student registrations. It is believed that this will change with the reopening of Hart Hall in 1998. The number of commuter vehicles has remained relatively static and we expect this trend to continue as more and more students are taking classes at off-campus locations and more students are opting to car pool for their classes.

<b>Vehicle Registrations</b>	<b>94-95</b>	<b>95-96</b>	<b>96-97</b>
Employee Vehicles	2304	2311	2422
Resident Students	2041	1816	1220
Commuter Students	4867	3493	3521
Service Permits	286	124	44
Temporary Permits		12,121	12,246

### **Campus Parking Tickets Issued**

Total number of tickets	11377	14,279	13531
Total number appealed	1242	1379	1268

### **Appeals**

Found Guilty	685	678	661
Not Guilty	26	49	13
Guilty/fine waived	386	483	407
Did not appear	145	168	185

## **Training Received by Public Safety Officers**

Aids Training - response procedures for dealing with blood borne pathogens  
All Officers 3/97

Armorer's Course - Glock - certification course in maintaining and repairing department firearms

Michael Taylor 2/26/97

Breathalyzer Operator Retrain - course to recertify Breathalyzer operators

Michael Payne 9/17/97  
Cynthia Adam 9/17/97  
Geri Bosco 11/24/97  
Larry Jerrett 9/17/97  
Kirk Coates 9/17/97  
William Gauthier 11/20/97

Critical Incident Stress Debriefing - training members to be part of a team of facilitators to assist emergency services workers and others to deal with the personal aftereffects of handling critical incidents

Michael Payne 1/12/97  
Kevin Velzy 1/12/97

DA Seminar - BTO Testimony Update - refresher training by the District Attorney's Office regarding court testimony for Breathalyzer operators.

Daniel Fitzpatrick 2/19/97  
Cynthia Adam 2/19/97  
Geri Bosco 2/19/97  
Larry Jerrett 2/19/97

DA Seminar - Search Warrants - refresher training by the District Attorney's Office regarding legal procedures for search warrants

Cynthia Adam 4/29/97  
Geri Bosco 4/29/97  
Larry Jerrett 4/29/97  
Daniel May 4/29/97  
Allen Mulvey 4/29/97  
William Moore 4/29/97

DA Seminar - Search Warrants - update training in executing search warrants in cases involving sexual abuse, and cases involving computers

Allen Mulvey 11/6/97  
John Rossi 11/6/97

DA Seminar - Stop, Search and Seizure - refresher training by the District Attorney's Office regarding related law and procedure changes in these areas

Michael Payne	3/ 5/97
Thomas Woodruff	3/ 5/97
Cynthia Adam	3/ 5/97
John Rossi	3/ 5/97
Larry Jerrett	3/ 5/97
Michael Taylor	3/ 5/97
William Gauthier	3/ 5/97
Kelly Byrne	3/ 5/97

Dealing with Rabid Animals

Daniel Fitzpatrick	4/ 4/97
John Jackson	4/ 4/97
David Scott	4/ 4/97
William Moore	4/ 4/97

Domestic Violence - course designed to instruct members in the dynamics of domestic violence and proper response procedures in domestic violence situations

David Scott	6/26/97
-------------	---------

Domestic Violence Response - update on domestic violence related laws and procedures

David VanAntwerp	12/17/97
Thomas Woodruff	12/19/97
Kevin Velzy	12/29/97
Geri Bosco	12/29/97
Richard Sherwood	12/29/97
Daniel May	12/19/97

Drug Search Training - search and identification techniques

Kelly Byrne	1/23/97
-------------	---------

Executive Skills Development

Thomas Ryan	1/14/97
Larry Jerrett	1/14/97

Interrogation Seminar - proper and effective techniques for conducting interviews/interrogations

Cynthia Adam	1/29/97
John Rossi	1/29/97
Richard Sherwood	3/21/97
Larry Jerrett	1/29/97
Daniel May	3/21/97
Kelly Byrne	1/29/97

Police Bicycle Patrol Tactics - certificate course

Kevin Velzy	6/20/97
-------------	---------

Public Safety Director Orientation - orientation and training in S.U.N.Y. administrative procedures

Larry Jerrett 3/ 4/97

R.A.D. Instructor Course - instructor training in the Rape Aggression Defense course, which is designed to teach women how to fend off an attack

Cynthia Adam 6/ 4/97

Geri Bosco 6/ 4/97

Daniel May 10/8/97

Radar Operator Course - certificate course

Michael Payne 12/18/97

Radiation Safety Training - annual update and review training by the Oswego County Emergency Management Office in radiation leak response procedures

All Officers 6/97

Semi-annual Weapons Retraining - retraining and update in the authorized use of physical force and department issued weapons

All Officers 5/97 and 11/97

Seminar - Changing SUNY Greek Culture

Larry Jerrett 10/30/97

Street Survival Seminar - police tactical response to hazardous situations

David VanAntwerp 10/23/97

David Scott 10/23/97

Traffic Safety Workshop - training by the NYS Traffic Safety Board in procedures for collecting and analyzing traffic safety data

Larry Jerrett 5/29/97

## **Bike Patrol Statistics**

### **Education:**

Officer Velzy attended Basic Police Cyclist School - 40 hours - June 1997

### **Instruction:**

Basic Police Cyclist School at SUNY Oswego - 1 week - June 1997

Lieutenant Coates - Coordinated school and instructor - 40 hours

Officer Woodruff - instructor - 40 hours

Basic Police Cyclist School at Ithaca, NY - June 1997

Lieutenant Coates - instructor - 40 hours

Hannibal School Program - Bike Rodeo - May 1997

Lieutenant Coates - 4 hours

Officer Woodruff - 4 hours

Officer VanAntwerp - 4 hours

SUNY Oswego Residence Hall Programs - Bike Safety - April and October 1997

Officer Woodruff - 3 programs totaling 6 hours

(Funnelle, Cayuga, and Onondaga)

### **Personnel Changes:**

Officer Bosco resigned from Bike Patrol. Officers VanAntwerp and Angotti added to unit.

### **Equipment:**

Upgrade of all patrol bikes with front suspension

Bike computer equipment added

Upgrade of helmets for all officers (safety equipment)

Miscellaneous equipment ( tires and tubes )

### **Miles Traveled:**

In 1997, the Department of Public Safety's Bicycle Patrol unit traveled a total of 1,190.7 miles. These miles were conducted in regular patrol duties and training sessions covering 663.75 hours.

## **The RAD Program at Oswego State University**

The Department of Public Safety at Oswego State University is pleased to offer the RAD System of self-defense in a fifteen hour course to our students, faculty and staff. In addition, we anticipate offering this program to the larger Oswego Community in the very near future. The RAD System of self-defense for women stands for Rape Aggression Defense System.

In 1997, the Director of Public Safety approved adopting the RAD program under the direction of Administrative Lieutenant Cindy Adam. Three officers were initially approved to attend instructors school in the RAD system. In June of 1997, Officer Geri Bosco and Lt. Cindy Adam attended the Instructors school at SUNY Oneonta and became certified on June 2, 1997. In October of 1997, Officer Dan May took the course at Berklee College in Boston and became certified on October 6, 1997.

The RAD Aggressor suit and related equipment was purchased in October 1997. The program consists of realistic, practical, self defense tactics and techniques that are readily learned, retained, and employed by the student. RAD is a nationally known and acclaimed self-defense program that is the only self-defense course ever endorsed by the International Association of Campus Law Enforcement Administrators. (IACLEA)

The RAD System is a comprehensive course for women that focuses on awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. Currently over 70,000 women in this country have taken a RAD course with over 3000 certified instructors nationwide.

The Rape Aggression Defense System is dedicated to teaching women defensive concepts and techniques against various types of assault, by utilizing easy, effective, and proven self-defense/ martial arts tactics. The RAD system of realistic defense will provide a woman with the knowledge to make an educated decision about resistance. The RAD System provides effective options by teaching women to take an active role in their own self-defense and psychological well-being. Personal responsibility about one's own safety is stressed in the RAD system.

The Instructors of RAD at Oswego State University appreciate the support of C.A.R.E. advocates during this year in assisting with advising students about this program. It is the joint efforts of C.A.R.E. and the Department of Public Safety that will move the campus another step closer to a safe environment through training in the RAD System.
