Greetings,

I am pleased to announce that once again this year funding is available to assist students who are attending professional conferences to present their scholarly and creative work. Travel stipends between \$100 and \$200 are available from my office as well as from other sources on campus like ORSP.

For more information about this opportunity and for assistance in preparing a request, see the ORSP website: [www.oswego.edu/administration/ORSP](http://www.oswego.edu/administration/ORSP) in the section on Campus Grants and Awards.

Thank you.
