

General Articulation Agreement Nassau Community College and State University of New York College at Oswego

SUNY Oswego and Nassau Community College are dedicated to a strong, formal, coordinated transfer and articulation process which will be of great benefit to students transferring from Nassau Community College to SUNY Oswego. This document states the conditions under which SUNY Oswego will accept credits earned by students attending Nassau Community College toward the attainment of a Bachelors Degree from SUNY Oswego and thereby enhance the number and quality of learning options for its students and alumni.

Nassau Community College and SUNY Oswego will cooperate to:

1. Strengthen the partnership that currently exists between Nassau Community College and SUNY Oswego.
2. Provide barrier-free movement from the associate to the baccalaureate degree for students enrolled at Nassau Community College.
3. Eliminate unnecessary obstacles for Nassau Community College transfer students who need to satisfy SUNY Oswego's General Education Requirements.

In order to achieve these goals, Nassau Community College and SUNY Oswego enter into the following Agreement.

Admission

Students from Nassau Community College planning on completing their baccalaureate degree should apply to SUNY Oswego within a year of completing their Associates degree. Students may find an application for admission at http://www.suny.edu/Student/apply_online.cfm. Transfer students must also submit an official transcript from Nassau Community College and any other colleges or universities previously attended.

Transfer applicants for the fall semester who have a completed application on file in the office of Admissions by March 1 will be given priority for admission. Applicants for the spring semester who file by November 1 will be given priority for admission.

Transfer of Credits

Students who have completed an Associate in Arts, Associate in Applied Science or Associate in Science degree will be accepted as juniors. A maximum of 62-67 credit hours will be applied towards the Oswego bachelor's degree. Although grades of "D" are transferable, they may not be used to satisfy major or cognate (major-imposed) requirements in some programs. A maximum combined total of 48 credit hours in any one-discipline can be applied to the Bachelor of Arts degree requirement.

It should also be noted that the student must complete:

- One-half of the major coursework at Oswego
- A minimum of 30 credit hours at SUNY Oswego
- A minimum of 42 credit hours of coursework at the 300- or 400-level
- A minimum of 60 credit hours at a 4 year institution.
