

Wireless Computing Locations

Wireless areas on the SUNY Oswego campus are intended to cover classrooms and public gathering spaces such as academic commons and dining halls. It is not intended to cover office space nor residence hall rooms. If coverage does reach into these areas, it is purely a symptom of the radio signal and may not function properly.

The following areas have wireless network access available:

Academic:

Campus Center (CTR3): All Public Areas

Lanigan Hall (11): Rooms 26 & 27 (CTS Help Desk), Room 37C, 1st Floor Classrooms and Labs, 2nd Floor Classrooms
