ARE YOU UNABLE TO SCHEDULE ONE OF THE APPROVED HART COURSES?

All student residents must enroll in a three-credit course each semester, chosen from approximately 150 approved courses that address global issues (see attached list). However, you may apply for a waiver of this requirement under the following conditions:

1. If you have already taken at least 4 of the global courses identified on the attached list.
2. If you are unable to schedule one of these courses because of a schedule overload or conflict
 - a letter from your academic advisor verifying the conflict must be submitted
3. If you are working on an independent project in a current course that focuses on a global theme.
 - a letter from your instructor is required outlining your global project
4. If a current class has a global focus but is not identified on the attached list.
 - a letter from the instructor summarizing the global nature of the course is required

Please submit a brief one paragraph description explaining your reason for requesting a waiver and any supporting documentation to Dr. Rhonda Mandel, Associate Provost, 703 Culkin Hall.

Check here if you'd like to live in the substance-free section.
