4. If neither team nor individual show up with the appropriate amount of players for a game they will both be charged with a loss by forfeit.

5. If a rescheduling request can not be accommodated and the team requesting the rescheduling called a minimum of 8 business hours before their scheduled game that team will be given a loss.

Sports Officials:

No intramural program can be conducted on a successful level without the services of student officials. These officials are necessary because of the inherent risks associated with intramural sports activities. Campus Recreation will furnish officials for team competition and tournaments. For competition in individual sports (tennis, racquetball, etc.) the contestants are responsible for officiating their own matches. However, there will be a supervisor on site if questions on rules may arise.

3. Eligibility protests may be filed at any time during the season.

Disciplinary Action:

1. If a player is ejected from a game for any reason the supervisor or official will write an Incident report. The player must leave the gym or area immediately, before the game continues. After an incident occurs a player must meet with the Director of Campus Recreation or designee before being reinstated.
2. Any player charged with fighting or striking any official or participant will be automatically suspended from the league and must meet with the Director of Campus Recreation before being reinstated. Depending on the severity of the situation, an individual or group of students may be brought up on College Judicial Charges, in accordance with the Code of Student Rights, Responsibilities and Conduct. Please refer to the student handbook for specifics about disciplinary policies and procedures.
3. Any damage to or loss of borrowed equipment is the responsibility of the participant. If any damage occurs the Intramural Supervisor will submit an incident report, the player is required to pay the full replacement cost within 24 hours, and the players ID will be held until the payment is received. The participant will be ineligible to participate in any intramural activity until the situation is resolved.

Equipment Deposit Procedure:

An equipment deposit is required of every Intramural Floor Hockey and Broomball team to cover the replacement cost of equipment. The equipment deposit is to be paid to Campus Recreation at the captain's meeting. In the event an incident occurs in which a participant damages or loses equipment the individual has two options: 1) Pay a new deposit fee to the intramural supervisor the night of the event.

2) Pay a new deposit fee in full and/or meet to discuss the damaged or lost equipment with the Assistant Director of Intramurals within 24 hours of the incident. Each incident will be dealt with on a case-by-case basis.

The Intramural Supervisor will submit an incident report to the Assistant Director of Campus Recreation or designee for all damaged or lost equipment. If a team has three or more lost or damaged pieces of equipment during one game the captain and each team member involved in the incident must meet with the Assistant Director of Campus Recreation or Designee within one business days of the incident.

If the individual responsible for the damaged or lost equipment does not comply, he/she is ineligible for league play. At which point the team captain will be given an additional 24 hours to pay a new deposit fee. If the team has not paid the new deposit fee within 48 hours of the incident the team will be ineligible for league play. All deposits will be available 24 hours after the conclusion of the league championship game. You may pick up your deposit from the Assistant Director of Campus Recreation at 107 Lee Hall between 10:00 a.m. – 5:00 p.m. Monday through Friday. You must pick up your deposit within 60 days of the league championship date or it will be forfeited to Campus Recreation. If you have questions you may call X3114 for more information.

Gag Rule:

1. Any student other than the team captain questioning an official's judgment will be removed from the game.
2. The team captain will be the designated speaker for his/her team. If the team captain is absent, the team will designate a spokesperson.
3. Any player dismissed from a game must leave the playing area completely. Refusal to comply will result in an immediate forfeiture of the game, and University Police will be called. The Campus Recreation Director or designee will give any player dismissed from a game for the "Gag Rule" a one game suspension. The Campus Recreation Director or designee will suspend any player dismissed two times for the "Gag Rule" from the league or tournament.

Sportsmanship:

Good sportsmanship is essential for the overall success and enjoyment of the intramural sports program. Part of the philosophy of Campus Recreation is good sportsmanship. "Good sportsmanship" means the understanding and practice of the rules of the game, respect for persons on the opposing team, respect for game officials, supervisors, and for all in attendance, maintaining a positive attitude, and remembering it is just an intramural game.

Acts of unsportsmanlike conduct will not be condoned. Game Officials, Supervisors, and the Campus Recreation Assistant Director will make decisions whether to warn, penalize, or disqualify offending players or teams. Abuse of the officials will not be tolerated; any person in violation of this rule will be removed from the game. The dismissal of a player or players is the responsibility of the officials in charge of the game. His/her actions are final and will not be overruled. Any player dismissed from a game for unsportsmanlike conduct will be asked to leave the playing area and facility immediately before the game resumes.

Sportsmanship Rating Policy:

Good sportsmanship has always been encouraged, but it has not always been forthcoming. Unfortunately a few teams and individuals have considered good sportsmanship optional.

- Following each contest in team sports, the game officials and intramural supervisor will rate each team on their sportsmanship.
- Teams must average a minimum of at least a 2.0 rating in order to qualify for a playoff tournament. All teams' final regular season sportsmanship rating average will be carried over to playoffs. Teams must maintain a 2.0 rating throughout the playoff tournament.
- Teams dropping below 2.0 average during the playoffs will be eliminated from the tournament. If a winning team drops below a 2.0 average, the next available team, if there is one (with a 2.0 average), may be placed in their spot.
- If a team receives a sportsmanship rating below a 2.0 in a season including playoffs, a warning will be issued. If a team receives rating below a 2.0 twice in one season including playoffs, that team will be removed from the league.
- If a player, team, or team spectator is ejected from a game for any reason, the team will receive a "0" rating for that game. The ejected player, team or spectator will be suspended from one game. The people involved must meet with the Assistant Director of Campus Life or the Assistant Director of Intramurals and Club Sports or designee before playing or attending the next scheduled game.

Specific rating scale:

4 = Excellent rating will be awarded to a team that demonstrates qualities of extremely good sportsmanship in regard to teammates, the opposing team, and intramural staff and officials, and an attitude of complete cooperation by all team members and spectators before, throughout, and after the contest.

3 = Above Average rating will be awarded to a team that demonstrates sportsmanlike conduct in the game except for minor infractions, but the conduct is such that the game continues without undue problems.

2 = Average rating will be awarded to a team when it disregards warnings of unnecessary roughness, the team or player is antagonistic to an official and/or an opposing team, and if foul language or taunting occurs.

1 = Below Average rating will be awarded to a team when disorderly conduct by a team member or spectator is clearly related to game play and/or jeopardizes game play at any time. This may include, but is not limited to, foul language, unnecessary roughness, unsportsmanlike fan, threatening intramural staff, horseplay, etc.

0 = Poor rating will be awarded as an unsportsmanlike rating to a team if a player is ejected for any reason, any player and/or spectator takes action in which the intent is to bring about physical harm or verbal abuse. This includes, but is not limited to, fighting, foul language, taunting, delay of game, physically putting their hands on a player or staff person, etc.

Alcohol / Drugs / Tobacco:

Alcohol and drugs are prohibited in all recreational activity areas. Participants are not allowed to smoke or chew tobacco while participating in intramural events. Those individuals who are under the influence of drugs or alcohol will not be allowed to play, and will be written up and reported to both the Director for Campus Recreation, as well as the Director of Campus Life and University Police. In addition, the individual may be brought up on College Judicial Charges in accordance with the Code of Students Rights, Responsibilities and Conduct. Please refer to the Student Handbook for specifics about disciplinary policies and procedures.

Health and Injuries:

Since participation in the intramural program is on a voluntary basis, the Oswego State University of New York, Department of Campus Life, Campus Recreation will accept responsibility for injuries sustained while participating in intramural sports or in the open recreation program. All participants are strongly encouraged and advised to provide their own health insurance coverage and receive a yearly health examination. When an injury occurs please notify the supervisor on duty. Injuries of a more serious nature are referred to SAVAC. Any cost incurred from an injury is the responsibility of the participant.

Captain and player responsibilities:

Along with the Intramural Program and Eligibility Policies it is both the team captains and the player's responsibility to read and adhere to the policies of the Oswego State University of New York Student Handbook.

Extramural Sports

The Intramural Sports program takes pride in having the opportunity in allowing its participants to take part in extramural competition at the state, regional and national levels in Flag Football, Basketball, and Corec Softball tournaments in NIRSA endorsed programs. Extramural is defined as team sport competition opportunities against other colleges and universities. All participants must be a current Oswego State University of New York student and have a valid ID to be eligible for competitions. In addition, the participant must pay the student activity fee, be in good judicial and financial standing with the University, and be on the original roster of the winning team of the league or tournament in the Oswego State University of New York Campus Recreation program. Campus Recreation will only send a team that has a minimum of three substitutes or a full roster to the events. Portions of a team or the minimum number of players as stated in rules to start a game will not be acceptable. All students participating in extramural sports are recommended to have health insurance and bring all insurance information on the trips. A mandatory travel meeting with all participants and the Campus Recreation Director or Assistant Director will be set up with the team captain and players to discuss guidelines, sport

rules and expectations for the trip. If a player does not attend the meeting he or she will not be permitted to go on the trip, no exceptions. Dependent upon the number of representatives that will be able to attend the extramural tournaments, participants should anticipate that some additional costs might be involved in travel expenses. Campus Recreation will subsidize some expenditure to participants.

Club Sports

Campus Recreation provides advisement to all Club Sports programs. The purpose for each club sport may vary from competitive to recreational in nature. The key element to the club sport program is that it is student initiated and organized with an emphasis placed on participation and interest in the same activity. Memberships within these organizations are voluntary. The success of the club is determined exclusively on student leadership and group participation. All Club Sports at Oswego State University of New York are required to become registered in order to be recognized by the campus community. Listed below are the active club sport programs. Students, faculty and staff are welcome to participate. Guests, spouse/partner, or dependents may not participate in the sport club program. All clubs are required to obtain an advisor and are recommended to have a non-student coach or instructor.
