MONROE COMMUNITY COLLEGE

AND

SUNY OSWEGO

DUAL ADMISSION PROGRAM AGREEMENT

FALL 2015 – SPRING 2018
MONROE COMMUNITY COLLEGE
AND
SUNY OSWEGO
DUAL ADMISSION PROGRAM AGREEMENT

This agreement establishes a Dual Admission Program between Monroe Community College and SUNY Oswego. Students selected for admission in this program will, upon satisfactory completion of a prescribed sequence of courses leading to an associate degree from Monroe Community College, continue their studies at SUNY Oswego with junior status. Most students will be able to complete all requirements for a corresponding baccalaureate degree with the completion of at least 60 credit hours at Oswego. Generally, completion of Childhood or Adolescent Education, Electrical Computer Engineering, and Fine Arts Degrees will require additional hours. SUNY Oswego will provide a credit evaluation upon request.

STUDENT SELECTION

The Office of Admissions at Monroe Community College will be responsible for the selection of candidates for admission to this dual admission program. In general, applicants will be expected to present strong records of academic achievement including four years of English, three years of social studies, and mathematics, and at least two years of study in science. In addition, Monroe Community College will designate appropriate prerequisites for matriculation in any of the curricula included in this dual admission program.

Candidates selected for the program will receive, concurrently, a letter of admission from the Office of Admissions at Monroe Community College and a letter of admission from the Office of Admissions at SUNY Oswego establishing their eligibility to matriculate in corresponding baccalaureate programs upon completion of degree requirements at Monroe Community College. In addition, students selected for the program will be advised in the letter of admissions of any special condition—such as minimum grade point averages—which may affect their eligibility to continue studies at SUNY Oswego.

BACCALAUREATE DEGREE PROGRAMS

The following academic majors at Oswego may be selected by students who enroll in this dual admission program.

<table>
<thead>

</table>
Staff members from the Career and Transfer Center at Monroe Community College and the Office of Transfer Services at SUNY Oswego will be designated as contact persons and coordinators of this dual admission program agreement.

ENROLLMENT PROCEDURES

Participants in this agreement are not required to complete the SUNY application for admissions to SUNY Oswego. However, in order for officials at SUNY Oswego to develop a candidate file, students who anticipate enrolling at SUNY Oswego under the auspices of this agreement must file a Notice of Intent to Enroll with the Office of Admissions at Oswego prior to beginning their studies at the College. For the fall term, the Notice of Intent must be filed by April 1; for the spring term, it must be on file by January 1. All students matriculated in the dual admission program at Monroe Community College will be sent a letter with enrollment instructions at the beginning of their final semester of study at Monroe Community College.

With few exceptions students who wish to change their majors upon enrolling at SUNY Oswego will be permitted to do so with the expectation that they will be able to earn their baccalaureate degrees with the completion of 60 additional credit hours. In some cases, such as majors in disciplines which are sequential and professional programs which are highly structured, achievement of a different baccalaureate degree at SUNY Oswego may require the completion of more than 60 credit hours.

No tuition and/ or housing deposit(s) will be required of students who plan to continue their studies at SUNY Oswego. However, students must contact the Oswego Admissions Department by May 1 for fall semester and December 30 for spring semester to request their deposit(s) be waived. Requests received after these dates will be considered as space remains available.

INFORMATION SHARING

Monroe Community College will provide SUNY Oswego with periodic reports so that officials at each college can monitor the flow of students through the program. Biographical data on each student will be provided to the admissions staff at SUNY Oswego so that literature and other relevant programmatic information can be sent to students during the time that they are pursuing their studies at Monroe Community College.

In lieu of information which would be provided on an application for admission, Monroe Community College will provide any relevant data for the establishment of student records at SUNY Oswego, including a copy of each student's official transcripts from all previous colleges (regardless of whether credit has been awarded toward a degree program at Monroe Community College). Conversely, SUNY, Oswego will provide reports on the academic programs of students who subsequently matriculate at the College. (All students matriculated in this degree program must sign a consent statement authorizing the release of all appropriate academic and biographic information.)
