Record Number of Internships for Spring 2017

Spring 2017 has been the busiest semester to date for the Center! We currently have 339 internship and co-op students. Spring interns are working at numerous locations on-campus, in the Oswego area and in a wide variety of locations in New York state.

Internship and Co-op Sites for Fall

SUNY Oswego students spent thousands of hours this fall gaining experience through Internships and Co-ops. Some employers who have hosted our students include:

- Barrett Paving Materials, Inc.
- Cadaret, Grant & Company, Inc.
- Cleantec
- Disabled Persons Action Organization
- Good Monster
- Interfaith Works
- Jungle Friends Primate Sanctuary
- NASA Jet Propulsion Lab
- New York City Police Department
- Novelis
- VOTE Oswego
- Onondaga County Medical Examiner’s Office
- Oswego Hospital
- Port of Oswego Authority
- Rapid Response Monitoring
- Rosamond Gifford Zoo
- Subcat Studios
- Summit Physical Therapy
- Target
- The Fort Group
- Time Warner Cable News
- WSYR News Channel 9

Alexis Feldman holding a baby squirrel monkey that she had to babysit and bottle feed regularly throughout the day while an intern at the Jungle Friends Primate Sanctuary in Gainesville, Florida (Fall 2016).

Alex Sebastian worked at Good Monster, a digital marketing agency in Syracuse, NY, Fall 2016.
Disney College Program

Experience the internship opportunity of a lifetime as a Disney College Program participant at the Walt Disney World Resort or Disneyland Resort. Disney is accepting applications for their fall 2017 programs in Orlando, Florida and Anaheim, California:

How to apply:

- Visit disneycollegeprogram.com to learn more about this unique program
- Click “Apply Now” and follow the instructions.

Co-op Student Lands Job with JPL- NASA

Kenneth Roffo, senior Co-op student with majors in Physics BS, Computer Science BS and a Mathematics minor, has accepted a position with JPL-NASA upon his graduation in May 2017. During Kenneth’s Co-op, his main responsibility was to design and implement software. Kenneth’s supervisor states “The web-based applications he was developing will allow users to schedule maintenance activities on antennas used to communicate with space crafts. The applications detect safety conflicts and then inform the user to resolve the conflict which then allows the space missions to function efficiently while keeping the maintenance crews safe.”

Kenneth advises students to “work hard and not take classroom material lightly, that everything professors mention in class is meaningful and has value and will likely help you someday either directly or indirectly.” He also mentions that the most exciting part of his Co-op was “when I accomplished a lot and my mentors and supervisors were impressed. The reactions I got were often very motivating and exciting.”

Quest 2017 will be held Wednesday, April 5

Quest presentations will be held in both Marano Campus Center and in Shineman. All of the posters will be displayed in the Marano Campus Center arena.

Departments and Programs have a Quest Coordinator to organize and submit poster and presentation sessions. Visit www.oswego.edu/quest for more information.

Dozens of New Internship and Co-op Opportunities Each week!

Don’t miss the chance to apply for these opportunities as soon as they become available. Sign up to receive our Weekly Round Up Emails:

<tr>
<th>Internships</th>
<th>Co-ops</th>
<th>GST 101 Professional Skills</th>
</tr>
</thead>
</table>

Students have thousands of internship/co-op opportunities available to them over the summer. You can earn 2—12 credits for a summer internship or get full-time, paid work experience through our co-op program. You can find opportunities in your home town and nationwide. Many summer internships are paid and the best opportunities are already being posted! Use our Find an Internship or Co-op page to get started or set up an appointment online.

Two online sections of GST 101 Professional Skills Preparatory are being offered. Through this course students will examine, define and equip themselves with the critical skills and workplace competencies employers’ desire in successful candidates for employment. These professional skills assist students in obtaining valuable volunteer/community service/service learning, internships, co-ops and jobs, and give job candidates a competitive advantage in the workplace.

Follow The Center for Experiential Learning on social media or use our Find an Internship and Co-op web page to explore opportunities.
