Handbook Purpose

This handbook describes the Counseling and Psychological Services department’s policies and procedures in the Master of Science degree program in Mental Health Counseling at SUNY Oswego. It is the responsibility of all students, whether full-or part-time, to be knowledgeable of the policies, expectations and requirements contained in this handbook and observe them during their tenure in the graduate program. Students are likewise expected to be familiar with college-wide and program-specific information regarding campus facilities, codes of conduct, disciplinary system, academic information and campus resources outlined in the SUNY Oswego Handbook of the College of Education (http://www.oswego.edu/academics/colleges_and_departments/education/handbook.html).

The intent of this handbook is to provide this information to help prepare the student for clinical placement experiences and satisfactory completion of CPS 515/516, Internship in Mental Health Counseling.

Our Hopes

It is our hope that this information will be useful in planning and organizing a course of successful academic study and clinical work at SUNY Oswego’s Counseling and Psychological Services Mental Health Counseling program.
Program Overview

M.S. in Mental Health Counseling

The following program mission statements were adopted by the Counseling and Psychological Services faculty of the Mental Health Counseling program at SUNY Oswego and endorsed by the Mental Health Program Advisory Committee in Spring 2014.

Counseling and Psychological Services Mission Statement

The Counseling & Psychological Services (CPS) Department at the State University of New York at Oswego is committed to educate and train high quality professionals who will function as skilled and ethical counselors who promote the optimal functioning of individuals, families, and groups in a variety of educational and community settings. The program’s philosophy is student-centered and developmentally based. To this end, the CPS department provides the highest quality training in professional counseling within an atmosphere that fosters on-going professional and personal growth.

Mental Health Counseling Program Mission Statement

Mental Health program graduates will demonstrate mastery of major counseling theories and skills and show the ability to utilize them therapeutically in clinical settings, have strong foundational knowledge in human behavior and social systems and value and respect human dignity and diversity in all its forms. Academic and fieldwork experiences are intended to foster an adjustment-oriented approach that emphasizes not only diagnosis and remediation of pathology, but also prevention, wellness, early intervention, and advocacy. Program faculty are committed to fostering a vibrant intellectual community that promotes professional and interpersonal values which support and inform our relations with others, that include self-awareness, compassion, genuineness and a commitment to social justice.

Mental Health Counseling Program

The Mental Health Counseling program educates students to provide therapeutic mental health interventions in the community. This program prepares students to work in community agencies, clinics, hospitals, managed behavioral healthcare organizations, outpatient mental health programs, employee assistance programs, substance abuse treatment programs, colleges, and private clinical mental health practice. Students learn to consider the dimensions of wellness and mental health as well as pathology as they develop and implement effective treatment strategies. The program is designed to prepare human
service providers to deal with problems and general concerns of human service agency clients and employees.

In accordance with standards recommended by the Council for Accreditation of Counseling and Related Education Programs (CACREP) and New York State requirements for licensure as a mental health counselor, focal program areas include professional identity, social and cultural diversity, human growth and development, helping relationships, career development, group work, assessment, research, program evaluation, and evidence-based intervention skills used in mental health counseling. This Masters of Science degree in Mental Health Counseling provides students the opportunity to learn this knowledge base through a variety of teaching methodologies, including class discussions, role playing, small-group work, case-study analysis, and classroom simulations. Students also have the opportunity to apply this knowledge in supervised clinical settings.

Personal Qualities and Characteristics of Interns

Although academic performance is a crucial factor in evaluating candidate performance, there are other interpersonal and professional skills that are equally important in determining the professional readiness of a particular candidate for the successful practice of counseling. Therefore, in addition to academic performance, students in the MHC program will also be evaluated on the following professional readiness indicators.

Indicators of Professional Readiness (Appendix A): Essential characteristics expected of all candidates matriculated in a degree program in the CPS Department are as follows:

1. Willingness and ability to self-explore and reflect on experiences in order to grow as a professional;
2. Ability to balance multiple life expectations and commitment to wellness;
3. Ability to demonstrate excellent listening and attending skills;
4. Ability to effectively communicate with others;
5. Ability to work respectfully, appropriately, and effectively with authority figures including university professors and site supervisors;
6. Ability to hear and accept critical feedback;
7. Ability to integrate and make changes based on communicated feedback;
8. Ability to act according to the professional expectations of the classroom and school/agency placement sites especially with regard to -
   o Appropriate dress
   o Promptness
   o Respectful attitude and behavior
   o Reliability and follow-through;
8. Ability to work effectively with administrators, staff, students/clients, and parents/families;
9. Ability to engage students/clients in a competent, ethical, and professional manner that respects and enhances their inherent dignity and worth;
10. Demonstrated adherence to the ethical guidelines related to ability to recognize and value client diversity in terms of race, ethnicity, gender, sexual orientation, disability, social class, etc.;
11. Demonstrated ability to practice in a manner consistent with the ACA ethical guidelines; especially those related to ensuring the welfare of all students/clients and doing no harm to students/clients.

Additional information on personal qualities and how they are assessed is included in the section of the handbook regarding clinical instruction and in an appendix.

**Specialty Areas**

There are numerous specialty areas in the profession of mental health counseling. At the present time, the Mental Health Counseling Program at SUNY-Oswego has certificate programs in play therapy (http://www.oswego.edu/academics/graduate/programs/playtherapy.html), trauma studies (http://www.oswego.edu/academics/graduate/programs/traumastudies.html), gerontology (http://www.oswego.edu/academics/graduate/programs/gerontology.html)

An option within the program permits students to meet the educational requirements for credentialing in the field of alcoholism and substance abuse counseling. Student who complete additional fieldwork and pass the State examination become eligible for Credentialed Alcohol and Substance Abuse Counselor (CASAC) status.

Elective courses practice and field experiences can be planned to focus on a desired institutional placement such as schools, college settings, adults and children in a variety of institutional behavioral health settings.

Full details on the program, policies, and procedures are available in the CPS

*Note: This document provides an overview of information pertaining to the M.S. in Mental Health Counseling. Full details on the program, policies, and procedures can be found in the SUNY-Oswego Graduate Catalog.*
Internship Introduction

The Internship class is an advanced course in counseling theory and practice. Student placement as a participant-observer in a cooperating agency or mental health counseling setting engaged in mental health or human welfare services or in an institutional setting providing pre-professional experiences of relevance to the counselor-candidate which may differ from the student’s anticipated work setting. Internships are designed to build upon the counseling skill development emphasized in Practicum, providing students with supervised broad-based practical experience designed to relate academic and theoretical learning to field experiences. Interns are expected to assume a broad spectrum of counseling roles and functions, and participate in as many activities as feasible that are similar to the work and responsibilities of a professional counselor.

Working under the individual supervision of a qualified mental health professional at the site and group supervision facilitated by a faculty instructor, students are expected to demonstrate increasing levels of mastery of the basic skills of counseling; conduct and communicate the results of clinical assessments; make diagnoses according to the DSM V; plan and implement treatment strategies that are grounded in theory and/or are consistent with evidenced-based interventions; maintain appropriate clinical records; participate in the full range of experiences at the site to include, but not limited to, interdisciplinary team meetings, in-service trainings, case management and clinical consultation activities, and collaboration and coordination of services with other care providers; and adhere to professional and ethical standards of the profession as promulgated by the American Counseling Association.

This capstone course in enables students to develop and apply their theoretical and practical knowledge in mental health counseling. The specialized principles of counseling are most appropriately understood and acquired in an authentic learning context. This course is appropriate for students who have already acquired a theoretical foundation and practical skill set in the area of counseling. Because of the applied training aspect of this course, class size is limited to 10 students.

The Mental Health Counseling Program seeks to be accredited in Clinical Mental Health Counseling by the Council for Accreditation of Counseling and Related Educational Programs (CACREP; http://www.cacrep.org/). Thus, the requirements for internship in mental health counseling endeavor to meet the Clinical Mental Health Counseling standards as set forth by CACREP.
Prerequisites to Internship Placement

The Mental Health Counseling Program within the Counseling and Psychological Services Department of SUNY Oswego offers coursework that leads to a Master’s degree in Mental Health Counseling and meets the academic requirements for licensure as a Mental Health Counselor within the state of New York. The program is a 60 credit hour program and the internship, CPS515 or CPS516 for substance abuse counselors, is a 6 credit hour component of the program. Prior to a student entering the internship, the student will have taken foundational coursework in counseling and will have completed a pre-practicum and practicum.

Requirements

In order to be placed in a clinical setting for internship, a student must have earned a GPA of 3.0 or higher in all course work and have completed the following core courses:

Foundational coursework (at least 21 semester hours of sequential course work); CPS 502, 503, 505, 508, 509, 510, & 541

Pre-practicum

  CPS 510

Practicum

  CPS 512/513

Readiness for Placement in Internship

In addition to this academic requirements outlined above, readiness for placement in internship will be based on a determination by CPS faculty members that the student demonstrates the personal qualities and professional dispositions that are widely accepted in the counseling profession as the foundation of effective counseling. These qualities are addressed in the professional disposition section (Appendix A) of this handbook. These professional dispositions are observable in the attitudes and behaviors that students demonstrate in written assignments, classroom discussions, peer group projects, role plays, and other interactions with faculty, staff and other students. In the semester prior to the anticipated placement in internship, faculty members familiar with the student will evaluate her/his performance on these qualities. Students who meet the criteria will be recommended for placement. Students who evidence deficiencies will have the opportunity to develop and implement a plan, with the aid and support of faculty, to demonstrate improvement. Students who fail to improve will not be allowed to continue in the program, but will be encouraged to consult with their faculty advisor regarding alternative educational, training or employment opportunities.
Types of Clinical Settings

The programs that students select for internship placements include those which serve adults, adolescents and children. They may be part of large behavioral health systems that provide a comprehensive array of services to persons with mental illness and/or addictions or small organizations with a limited treatment focus and target population. Organizations that host students include both not-for-profit and for-profit organizations and many are licensed, funded or certified by a government oversight organization. All settings employ mental health counselors and/or allied behavioral health practitioners such as social workers, psychologists, psychiatrists and nurses.

Selection of Internship Sites

The Mental Health Counseling Program has designated a faculty member to serve as the Coordinator of Clinical Training. In this role, the faculty member will work in collaboration with students to formalize internship site placement. The student has the responsibility to find and secure an appropriate internship site. It is the student’s responsibility to keep the Coordinator of Clinical Training updated on progress. Once the student and prospective site supervisor have reached an agreement, the student must notify the Coordinator of Clinical Training who will then confirm that the placement is able to provide the student with supervised clinical experiences that meet the learning objectives of the internship. A key responsibility of the Coordinator of Clinical Training is ensuring that the organization is able to assign site supervisors who meet education and experience requirements that are consistent with the standards of the Council for Accreditation of Counseling and Related Educational Programs (CACREP).
Schedule and Hours

Students are required to complete a supervised internship (CPS 515/516) of 600 clock hours (average of 40 hours per week over one 15 week semester or 20 hours per week over two 15 week semesters) that is begun after successful completion of the student’s practicum. The internship provides an opportunity for the student to perform, under supervision, a variety of counseling activities that a professional counselor is expected to perform. For CPS 516: The internship must take place at an OASAS designated Chemical Dependency Treatment facility. The student’s internship includes the following:

1. 240 hours of direct service with clients appropriate to the program of study. CACREP defines direct service as “interaction with clients that includes the application of counseling, consultation, or human development skills.” The remaining 360 hours should involve opportunities for the internship student to become familiar with a variety of professional activities in addition to direct services (e.g., record keeping, referral services, in-service, meetings, conferences, professional development, etc.);

2. Weekly interaction with an average of one (1) hour per week of individual and/or triadic supervision which occurs regularly over a minimum of one academic term by an approved on-site internship supervisor;

3. An average of one and one half (1 1⁄2) hours per week of group supervision provided on a regular schedule throughout the internship, usually performed by a university program faculty member;

4. Evaluation of the student’s performance throughout the internship including a formal evaluation after the student completes the internship.

Student Activities

Pre-Placement

1. Discuss Internship placement options and plan for interviews with organization staff with current Practicum during the Spring semester (for fall/summer placements) and the Fall semester (for spring placement).
2. Update resume and complete organization internship application materials if required.
3. Interview with organization staff, send thank-you letter, report outcome to Coordinator of Clinical Training.
4. Complete all pre-placement requirements of organization such as medical exam, medical information, child abuse registry data and paperwork.
5. Obtain and maintain professional liability insurance.
6. Establish schedule with organization site supervisor.
In-Placement

1. Complete the Internship Student Placement Agreement, submit to faculty instructor by date noted on syllabus (Appendix C).
2. Prepare Internship Plan with site supervisor, sign and submit to faculty instructor by date noted on syllabus (Appendix D).
3. Adhere to attendance agreement, keep a day-by-day log of your activities (Appendix E), have your on-site supervisor sign your logs weekly, include supervision time, and submit logs weekly to your course instructor as noted on the course syllabus.
4. Adhere to organization dress code, follow all relevant policies and procedures to include those which protect the privacy and safety of clients, their families, staff members and others involved in the care of clients.
5. Adhere to the supervision requirements that are consistent with the standards of the Council for Accreditation of Counseling and Related Educational Programs (CACREP) and SUNY Oswego’s Counseling and Psychological Services Department:
   a. Attend one hour of individual supervision per week with your on-site supervisor at the organization.
   b. Attend one-half hours (average) of group supervision per week with peers that is facilitated by the SUNY Oswego faculty Internship instructor on campus. Students are expected to come prepared to all supervision sessions, reporting about their clinical experiences with clients, identifying issues and barriers to providing care, seeking guidance about effective assessment and treatment strategies and requesting assistance to meet course learning objectives. Supervision agendas may also include didactic instruction on relevant clinical topics.
6. Complete other assignments as described in the syllabus. These include, but are not limited to, written reports about the agency (agency profile) and analyses of clinical activities and case studies that demonstrate understanding of theoretical concepts.
7. Complete self-evaluations (Appendix F), site-evaluation (Appendix G) and submit evaluations of you by your site supervisor (Appendix H) using SUNY Oswego’s TK20 system
8. Students may be asked by the internship faculty to videotape (preferred) or audiotape a sample of assessment and counseling sessions with clients for review by the faculty instructor. Students will need to obtain a consent to video (audio) tape (Appendix I). The number of required tapes will be specified in the course syllabus. The faculty instructor will typically review the tapes in individual or triadic supervision sessions and offer feedback at that time. When possible, tapes should also be presented to the site supervisor for critique and feedback, especially in settings when the site supervisor is unable to directly observe the student’s counseling on a regular basis. All taping must follow the established policies and procedures of the agency with regard to obtaining prior written authorization for taping from adult clients or from parents or guardians for clients under 18 years of age. Students and faculty are expected to keep tapes in a secure place and maintain confidentiality of the information shared on the tapes and return them to the site supervisor for proper disposal.
Expectations of Clinical Sites

a. Approximately 1 hour per week of supervision provided on a regular schedule throughout the internship.

b. Continual opportunity for the student to become familiar with a variety of professional activities and resources (See Direct and Indirect Service Provision charts, p. 3-4; and Part III Section A, p. 6).

c. Consistent evaluation of student’s counseling performance throughout the internship, including:
   a. completed evaluations at the conclusion of the internship, and
   b. session recordings for professional evaluative purposes

d. Consistent mutual feedback provided between student and site regarding professional development, expectations, and reflections of growth.

e. Consistent contact with supervising faculty member regarding internship performance.

g. Termination
   It is understood and agreed among all parties involved that the internship site has the right to terminate the internship experience of the student whose physical or mental health status is detrimental to the services provided to consumers at the internship site. Equally, should the internship site not fulfill its obligation to provide the internship student the serves agreed upon in contract, then the university supervisor has the right to terminate the internship experience of the student. In either case, such action should not be taken until the grievance against any internship/intern student, or site, has been discussed with the intern student, SUNY Oswego officials, and the site supervisor. Please refer to Protocol for Premature Termination of Internship in this handbook.

h. Equal Opportunity
   In accordance with the Ethical Codes of the American Counseling Association, it is mutually agreed that all parties shall not discriminate on the basis of race, color, nationality, ethnic origin, language preference, immigration status, sexual preference, age, ability level, gender, or creed.
**Internship Site Supervisor Requirements**

An internship site supervisor must have:

1. A minimum of a master’s degree in counseling or related profession (e.g., marriage and family therapist, social work, psychologist, psychiatrist) with equivalent qualifications, including appropriate certifications and/or licenses;

2. A minimum of two (2) years of pertinent professional experience in the program area in which the student is completing clinical instruction; and

3. Knowledge of the program’s expectations, requirements, and evaluation procedures for students.

4. Relevant training in counseling supervision.

As a Site Supervisor, you agree to:

- Conduct or arrange an orientation for students covering the organization’s relevant policies, procedures and practices and an introduction to other staff and their roles,
- Provide adequate space and resources necessary for the intern to provide counseling services,
- Provide students with the opportunity to observe their (or colleagues’) clinical work and/or engage in co-counseling,
- Provide an average of 1 hour/week of individual or triadic supervision to the intern,
- Provide the intern with a caseload that will allow them to complete their required internship direct service hours within an agreed upon time-frame,
- Provide the opportunity for the intern to become familiar with a variety of professional activities in addition to direct service (e.g., record keeping, supervision, information and referral, in-service and staff meetings).
- Provide written evaluations of the intern for each college semester in which the intern is at your site (see Appendix),
- Meet with the student’s faculty instructor on site at least one time each semester and maintain phone and e-mail contact throughout the semester to review and discuss the student’s performance. Immediately report any problems or concerns such as non-attendance, tardiness or misconduct related to ethical or professional standards.
- Communicate with the intern’s University supervisor any concerns in a timely way.

It is the responsibility of the Coordinator of Clinical Training to confirm that the site supervisor meets the aforementioned education and experience requirements. A Site Supervisor Information Sheet is used to collect and document information about the education and experience of the site supervisor.
The University Supervisor will,

- Meet with you during the mid-semester to evaluate the intern’s progress,
- Provide a minimum of 1 ½ hours/week (average) group supervision of the intern

The intern will:

- Create a schedule, in collaboration with their site supervisor, of when they will be on site,
- Abide by the Ethical Codes of ACA,
- Purchase ACA student liability insurance,
- Abide by the administrative policies, rules, standards, and practices of the internship site,
- Abide by the student dispositions of the CPS Department and the Oswego School of Education,
- Immediately report to their site supervisor any client cases that may require immediate intervention when the client reports incidents of possible harm to self or others

SUNY Oswego College of Education and the Department of Counseling and Psychological Services would like to thank you for your support of our students. We could not effectively train mental health counselors without your help and expertise. Thank you for your assistance and cooperation

Site Supervisor Orientation

Orientation to the Mental Health Counseling program is initiated by the Coordinator of Clinical Training in conversations with organizations and site supervisors. An orientation packet is available that includes information about the mission and goals of the program, the curriculum and course descriptions, mental health counseling as a profession and the requirements for licensure in NYS as a Mental Health Counselor. Additionally, site supervisors are provided a written description of their responsibilities in this handbook prior to the student’s internship. It is the student’s responsibility to orient site supervisors to their background and course learning objectives. Once a student is placed, the student’s faculty Internship instructor is responsible for keeping the site supervisor informed of student-specific or program-based information. In the future, there will be an annual orientation and professional development meeting for all site supervisors to share experiences and concerns and offer suggestions for improving clinical instruction. On-line supervision training modules are available on the CPS Departmental website.
Professional Standards and Ethics

All students are obligated to operate under the highest of ethical standards. The Mental Health Counseling Program has adopted the Ethical & Professional Standards of the American Counseling Association (ACA) (http://www.counseling.org/resources/aca-code-of-ethics.pdf). Students in the program are expected to adhere to these ethical codes. Additionally, students are expected to adhere to the CPS Department’s Professional Readiness Standards (see Appendix A). Failure to adhere to these standards can lead to consequences ranging from faculty reprimand to expulsion from the program.
Protocol for Premature Termination of an Internship

In accordance with the ethical codes of the American Counseling Association (ACA), it is unethical to prematurely terminate an internship (except in rare cases where there is a threat of physical harm to the student) without appropriate protocol and consultation. Thus, an internship or internship student is not permitted to simply terminate an internship or internship experience prematurely without first meeting with the university and site supervisor. In the event that an internship student has to prematurely terminate the internship for any reason, the following protocol is to be followed:

1. The internship/internship student first will immediately contact the university supervisor via phone, email, or in person of the decision to terminate the internship or internship before notifying the site supervisor.

2. The internship/internship student will meet personally with the university supervisor to explain and discuss the circumstances for prematurely terminating the internship or internship.

3. The internship/internship student and the university supervisor will then meet personally with the Mental Health Counseling Program Coordinator, and any other necessary program faculty or university officials, to discuss the circumstances of the termination and the appropriate termination process.

4. The internship/internship student and university supervisor will then schedule a personal meeting with the site supervisor, and any other university and/or agency/school officials, to discuss the termination and provision of clients being seen by the internship or internship student.

5. The internship/internship student and university supervisor will then report to the Mental Health Counseling Program Coordinator in writing that all appropriate measures have been taken.

Any internship student not following this protocol is in violation of departmental policies as outlined in this handbook, as well as in violation of the ethical codes set forth by the American Counseling Association. Consequently, a recommendation by CPS faculty for expulsion from the Mental Health Counseling Program may be warranted.
Expectations of Professional Practice

The content areas of knowledge and skills are based on CACREP standards and New York State requirements for licensure as a mental health counselor. The Counseling and Psychological Services department places a high value on the following knowledge and skill areas. Professional practice, which includes internship and internship studentship, provides for the application of theory and the development of counseling skills under supervision. These experiences will provide opportunities for students to counsel clients who represent the ethnic and demographic diversity of their community.

STUDENT EXPECTATIONS
a. Students are expected to participate in all aspects of the course. Students are encouraged to discuss personal concerns with the instructor.

b. Students are expected to respect others’ experiences, and personal information. Information shared during the course is expected to remain confidential by all present.

c. Students are encouraged to seek personal counseling at any and all times should the content of the course challenge development and growth as a professional-in-training.

d. Students are expected to observe ethical standards at all times. Ethical standards are congruent with the ACA Code of Ethics (2005) and may be retrieved at:
   http://counseling.org/Resources/CodeOfEthics/TP/Home/CT2.aspx

e. Integrate knowledge from previous courses and apply it in the internship setting.

f. Develop and practice analytic skills sufficient for responsible professional practice.

g. Develop strategies and goals for continuing personal and professional growth and share them with supervisors.

h. Inform the course instructor of any changes in the placement site.

i. Complete required internship hours in a timely way.

j. Maintain appropriate documentation of activities (hours log, form provided in this manual).

k. Students are to inform the internship and/or internship field supervisor immediately and the campus internship/internship instructor by email and phone within 24 hours of any mandated child abuse reporting situations. Do not wait until the next class period to report the incident.

A. COUNSELOR PRACTICE, KNOWLEDGE AND SKILLS

Internship students should be able to demonstrate appropriate professional proficiency of counseling skills and also include intervention strategies with systems of varying size and complexity. The emphasis is on direct practice in counseling a population that is diverse, while utilizing didactic and experiential training. Competence will be displayed through the student’s ability to:

1. Apply core counseling skills of empathy, respect, concreteness, genuineness and immediacy within the counseling process.
   a. Using empathy to show understanding of how client expresses and experiences.
   b. Communicating respect for the client’s humanness, problem-solving capacities, potential for growth and need for hope.
   c. Using concrete language to assist client.
   d. Distinguishing personal feelings and opinions separately from the client’s.
   e. Displaying genuineness.

2. Apply advanced counseling skills such as advanced accurate empathy and confrontation within the counseling process.
a. Using advanced accurate empathy to show understanding of what client is unconsciously expressing and experiencing.
b. Using responsible confrontation to challenge client discrepancies, evasions and resistance.
c. Using immediacy techniques to examine here-and-now relationship issues.

3. **Use modes of direct service intervention appropriate to role level, client needs and site function.**
   a. Providing counseling services, including services to the family of the client, when appropriate.
   b. Planning and coordinating services for a client.
   c. Co-leading or leading a client group.
   d. Matching client with needed community services.
   e. Making appropriate referrals and follow-up.
   f. Acting as client’s advocate.

4. **Formulate and implement a plan to deal with a client problem.**
   a. Writing and discussing a plan of action and a rationale for it.
   b. Carrying out the steps of the plan in collaboration with the client.
   c. Monitoring the plan with the client, exchanging feedback about the process.
   d. Maintaining focus and continuity, revising assessments and contracts based on changing needs, circumstances and perceptions.

5. **Terminate and evaluate the counseling relationship.**
   a. Instituting a series of steps leading to successful termination, including transfer or referral when appropriate.
   b. Identifying and assessing the effects of termination on self and client.
   c. Identifying and assessing the client’s movement toward goals and suggesting next steps.

**B. BECOMING A PROFESSIONAL COUNSELOR**

_This learning objective is demonstrated in the willingness of the student to be fully responsible for personal thoughts, feelings and actions and in their pro-active stance towards learning. Both are essential for autonomous practice. Competence will be displayed through the student’s ability to:_

1. **Demonstrate a capacity for self-observation and self-awareness by**
   a. Identifying and assessing effects of learning style, personal values, biases and feelings on performance, especially regarding issues of human diversity.
   b. Examining and changing behaviors that interfere with successful work.
   c. Exercising initiative in making counseling interactions and activities observable and subject to feedback.

2. **Use counseling supervisors for learning by**
   a. Identifying initial learning needs and interests.
   b. Actively collaborating in formulating and updating a learning contract.
   c. Asking questions.
   d. Preparing work agendas.
   e. Seeking other available learning resources, including professional staff, print and non-print media, professional literature and research.
   f. Discussing assignments, challenges and problems openly with supervisors.
3. **Apply content from counselor program courses in the placement agency by**
   a. Applying concepts, skills, professional counseling values and ethics in work with clients and colleagues.
   b. Identifying and discussing ethical dilemmas in professional decision-making.
   c. Discussing conflicting obligations, choices, or expectations between self, client and colleagues.
   d. Generating reports, presentations, process records and tapes.
   e. Applying knowledge of theory and empirical findings.

4. **Manage time and work demands by**
   a. Arriving at assigned times at the placement site or for supervision.
   b. Planning and organizing available time to manage the flow of work.
   c. Prioritizing tasks in relation to deadlines, site procedures and client system needs.
   d. Completing assignments on time.
   e. Exercising good judgment in completing work priorities.

**C. SITE AND COMMUNITY SKILLS**

*Internship students should be aware of the reciprocal influences of social class, age, gender, ability, sexual orientation, racial and ethnic differences, as well as culture and personality on human and organizational behavior. Internship students should observe, assess, and be able to discuss the impact of organizational policies and structures on the site’s services, clients and staff. Competence will be displayed through the student’s ability to:*

1. **Identify and describe the organizational structure of the site, its mandates and services, and the roles and functions of staff members.**
   b. Having the ability to prepare a graphic representation of the placement site’s organizational lines of authority and structure.
   c. Having the ability to present a simulated 10-minute public service talk about the site.
   d. Having the ability to describe the site, its purpose and its services.
   e. Having the ability to respond to telephone requests for information about the site.

2. **Describe and assess the impact of selected policies, legislation and organizational structure on site services, clients, staff and self.**
   a. Identifying how individual problems relate to larger policy issues.
   b. Describing ways in which gender, race, social class, age, ability, sexual orientation and ethnicity impact the organization and use of services.
   c. Describing the formal and informal means through which site policies are formulated.
   d. Describing the work climate of the site and assess its impact on staff morale.

3. **Describe the typical client in relation to the community system and recognize the ways in which a client’s inability to function appropriately or adequately in the community system leads to involvement with the site.**
   a. Identifying and describing the key components within the community, which promote or diminish client functioning.
   b. Having the ability to present a simulated expert witness report outlining the negative or non-supportive relationships between the mainstream life of the community and the unmet needs of a specific client or target group.
   c. Identifying the describing key organizations or institutions in the client’s life and the interactions existing between the client and these larger systems.
d. Making effective referrals of clients to other service sites or community resources needed for improving client functioning or coping skills.

4. **Contribute to the processes of maintenance and change in the site and the community.**
   a. Identifying and assessing personal feelings, attitudes and degrees of adaptability with respect to changes within the site.
   b. Contributing to the ways in which staff members cooperate in various work groups.
   c. Developing knowledge and skills for conflict resolution in an organizational setting, participating as a member of work groups.
MHC Program Advisory Committee

The Mental Health Counseling Program Advisory Committee has representation from our college and community counseling agency supervisors, program alumni, CPS department faculty and student representatives. The Program Advisory Committee convenes semi-annually. It makes recommendations to the MHC program coordinator about issues of common interest related to the profession, reviews proposed program changes and policies.

MHC Program Advisory Committee: Student Representatives

The MHC Program solicits nominations each year for student representatives. Representatives are nominated by classmates and selected by the MHC faculty. The student representatives fulfill a variety of roles. They act as information conduits between the student body and the MHC program. They represent the student body on the MHC Program Advisory Committee at the semi-annual meetings. They share information with new students at the annual New Student Orientation.
Program Faculty

The MHC Program has five and a half full-time faculty and a shared departmental administrative assistant. Adjunct faculty serve in a part-time capacity as needed. One graduate assistant is assigned to the program during the academic year.

The current faculty is as follows:

Jodi Ann Mullen, Ph.D., LMHC, NCC, RPT-S
Coordinator, Mental Health Counseling Program
Associate Professor, Counseling & Psychological Services
(315) 312-3496  Email: jodi.mullen@oswego.edu

Clinical and Professional Interests: Play Therapy, supervision, child & adolescent counseling, grief and loss.

Courses Taught:
CPS 505 Psychological Foundations: Psychopathology
CPS 510 Theory and Process in Counseling
CPS 512/13 Practicum in Mental Health Counseling
CPS 515/16 Internship in Mental Health Counseling
CPS 592 Introduction to Play Therapy
CPS 692 Advanced Play Therapy

Michael LeBlanc, PhD, LMHC,
Department Chair, Counseling & Psychological Services
(315) 312-3282; Email: michael.leblanc@oswego.edu

Clinical and Professional Interests: Counseling outcome assessment, Play Therapy, assessment issues

Courses Taught:
CPS 585 Foundations of Psychological and Educational Appraisal
CPS 569 Clinical Assessment in Mental Health Counseling
CPS 535 Statistics by Computer
CPS 541 Introduction to Group Process
CPS 511/13 Practicum in Mental Health Counseling
CPS 696 Research Methods and Program Evaluation
Jody J. Fiorini, PhD, LMHC, NCC
Associate Professor, Counseling & Psychological Services
(315) 312-3494; Email: jody.fiorini@oswego.edu

Clinical and Professional Interests: Counseling individuals with disabilities, gender issues in counseling, school counseling, grief & loss, learning disabilities and neurodevelopmental disorders, counseling adolescents

Courses Taught:
CPS 502 Race, Class, & Gender Issues in Counseling
CPS 503 Psychological Foundations: Personality
CPS 504 Psychological Foundations: Development
CPS 505 Psychological Foundations: Psychopathology
CPS 508 Foundations of Mental Health Counseling & Consultation
CPS 509 Professional Orientation and Ethics in Mental Health Counseling
CPS 510 Counseling Theory and Process
CPS 512/13 Practicum in Mental Health Counseling
CPS 515/16 Internship in Mental Health Counseling
CPS 541 Introduction to Group Process
CPS 585 Foundations of Psychological and Educational Appraisal
CPS 596 Research methods and Program Evaluation
CPS 621 Advanced Practicum
CPS 595 Counseling Individuals with Disabilities
CPS 595 Counseling Children & Adolescents Through Grief and Loss
CPS 595 Gender Issues in Counseling

Tiphanie Gonzalez, PhD,
Assistant Professor Counseling & Psychological Services
315-312-3402; Email: tiphanie.gonzalez@oswego.edu

Clinical and Professional Interests: Clinical and Professional Interests: Research interests include working with underrepresented populations, the use of technology in counselor education, the use of hip hop and urban arts in counseling at-risk (at-promise) youth.

Courses Taught:
CPS 541 Introduction to Group Process
CPS 591 Introduction to Family Systems
CPS 596 Research Methods and Program Evaluation
CPS 502 Race, Gender and Class Issues in Counseling
CPS 515/16 Internship in Mental Health Counseling
Terrace O’Brien, PhD, LMFT
Assistant Professor, Counseling & Psychological Services
Email: terrance.obrien@oswego.edu

**Clinical and Professional Interests:** Relationship enrichment, grieving losses, sexuality-LGBTQ issues, mindfulness therapy, and wellness

**Courses Taught:**
CPS 503: Psychological Foundations-Personality
CPS 510: Theory and Process in Counseling
CPS 512/14: Practicum in Mental Health Counseling
CPS 515/16: Internship in Mental Health Counseling
CPS 541: Introduction to Group Process
CPS 591: Introduction to Family Systems
CPS 595: Death and Dying
CPS 595: Couples Therapy

Tamara Sullivan, PhD, LMHC, NCC, RPT
Assistant Professor Counseling & Psychological Services
(315) 312-3278 ; Email: tamara.sullivan@oswego.edu

**Clinical and Professional Interests:** Mental health in schools, Play Therapy, animal-assisted therapy, neurodevelopmental disorders: supporting families and youth, supervision, consultation.

**Courses Taught:**
CPS 504: Psychological Foundation: Development
CPS 512/13: Practicum in Mental Health Counseling
CPS 515/16: Internship in Mental Health Counseling
CPS 591: Introduction to Family Systems
CPS 595: Mental Health in Schools: Outcome and Evaluation
Professional Associations

We encourage students to participate in professional associations relevant to the work of a mental health counselor. There are a number of helpful national, regional, state-wide, and local organizations which may be of interest. Student membership rates are often quite affordable, and this is a great way to expand your training options in areas of specialization and also to begin networking for future career opportunities.

Students may also want to consider subscribing to another professional journal. It doesn’t have to be a dry academic journal, instead it should be relevant and readable. There are a number of interesting and useful professional periodicals out there (e.g., Psychotherapy Networker), so look them over and choose the one that will help you keep current.

Students should keep abreast on the professional and community workshops, trainings, professional meetings and conferences and make it a goal to attend at least several of these. At your internship site, you probably will see countless brochures announcing upcoming events. Many agencies will provide in-service training programs. NY-ACA provides semi-annual professional development events. Take advantage of these chances to enhance your knowledge and skills. If you discover an event that may appeal to course members, post it on our course website under the professional development tab.
Licensure as a Mental Health Counselor

As of Fall 2009, all 50 states require licensure for the practice of mental health counseling. In New York State, that law took effect on January 1, 2006. The New York State law is both a “title” law and a “scope of practice” law. That is, a person cannot call themselves a mental health counselor (title) unless they are licensed; and they cannot perform the duties (scope of practice) associated with the mental health counselor title unless they are licensed.

If you think you may relocate to another state at some point in the future, it is to your benefit to investigate the licensure requirements in your destination state(s), as requirements vary. At this time, there is no reciprocity between New York State and any other state; so although you may become licensed in New York State, there is no guarantee that you will be licensed in another state unless you meet their specific requirements. The M.S. program in Mental Health Counseling at SUNY Oswego meets the academic requirements for licensure as a Mental Health Counselor within the state of New York.

There are three components to licensure: education, examination, and experience. Completion of the M.S. degree in Mental Health Counseling at SUNY Oswego indicates that you have met New York State’s requirements for education. You must also complete a state-required examination and 3,000 hours of post-master’s degree supervised experience. A limited permit is required to begin the 3,000 hours of post-master’s practice.

Details of these and all MHC licensure requirements are available at the website of the Office of the Professions of New York State:
http://www.op.nysed.gov/prof/mhp/mhclic.htm

Faculty provide information about licensure in various courses throughout the program; however, it is the responsibility of each student to be aware of the New York State policies and the procedures necessary to become licensed. The program, faculty and SUNY Oswego have no authority over the licensure process. Our role and responsibility is to offer the educational program necessary for licensure as per our approval as a New York State registered program.
MENTAL HEALTH COUNSELING RECORDED SESSIONS POLICY

All students in the CPS Mental Health Counseling Program will be required to record counseling sessions for the purpose of education and skill improvement. Maintaining the privacy and confidentiality of persons recorded is our utmost priority so all recorded sessions must comply with the following guidelines.

1. All students must obtain written authorization to record sessions with clients during their clinical instruction. Students must comply with all rules, standards, and practice guidelines of their sites regarding recording sessions and proper disposal of recorded materials.

2. Students need to obtain written authorization to record other MHC students or volunteer clients for classroom instructional projects. Permission to Record forms are provided to students in the filing cabinet in the Mental Health Counseling Labs/Fishbowl Room. Students must retain the Permission to Record form until the recording is deleted when the assignment is complete.

3. SUNY-Oswego provides for recording and viewing recorded sessions through a secure server. Students are expected to review recorded sessions in private areas so that session information remains confidential.

Devices
Unless a student’s site has required recording equipment, all student recordings must be:
1. Digital (this includes phones, tablets, computers, digital recorders, and flash drives)
2. Password Protected
3. Of good audio and/or video quality (preferably more than 6 mega pixels)

Data Storage and Transfer
The ACA Code of Ethics and Health Insurance Portability and Accountability Act (HIPAA) require that all devices with client data be:
1. Password protected
2. Never posted online at any sites or uploaded to cloud sites
3. Properly deleted and disposed of in the appropriate time frame relevant to the nature of the recorded materials

LIABILITY INSURANCE
All students beginning field work (practicum and internship) must maintain their own professional liability insurance, commonly known as malpractice insurance. (See section on clinical instruction.) Malpractice insurance is available at very reasonable rates for students through various professional associations. (See section on professional associations.)
PROFESSIONAL COUNSELOR PORTFOLIO

All students are encouraged to develop a professional counselor portfolio throughout their internship.

Overview
A professional counselor portfolio is a collection of experience-based materials and reflective information that demonstrates various dimensions of the counselor's work, philosophy, abilities, and attitudes. The goal is to demonstrate how diverse activities and insights have contributed to the professional counselor's development.

Introduction
Professional Portfolios are an organized collection of materials from courses and other experiences during your academic coursework and field learning opportunities (Mellot, et al, 1997). The development and presentation of a Professional Portfolio will enhance your ability to demonstrate what you have done or is doing to reach your professional goals. Professional Portfolio building, according to Martin (1999) means engaging in a process that results in a product. The process involves five major steps. First, you select a personal or professional goal. Second, you think about how your professional experience relates to that goal. Third, you collect actual times/documents that could demonstrate what you have done (or are doing) to reach your goal. Fourth, you decide which items among your collection best illustrate your achievement of our progress toward your goal.

1. Selection of personal and professional goal-professional development portfolios are usually developed to address goals outside of the education or training environment -- such as seeking employment, advancing in a career etc. Careful attention to your goal selection is critical --
2. How do your professional experiences relate to that goal? It is helpful to review the educational experiences you have from the start of your training program up to and including your present work. It is here that you can introduce yourself by resume and description of how you fulfill various counseling roles -- include your philosophic statement about counseling and how it relates to your professional experiences (citing specific coursework or unique experiences is helpful).
3. Items and documents that indicate what you have done. Brainstorm the variety of items that relate specifically to your academic and training experiences -- Example: Academic transcripts, certifications, practicum and internship supervisors evaluations, classroom projects or presentations, audio and video tape examples of your counseling, in-service experiences, awards, honors, peer evaluation forms, etc.
4. Choosing the items that best illustrate your achievement toward your goal. It is important to remember that items that reflect skill acquisition and development are as important as your academic transcript.
5. How to present the selection of items. Example -- File? Binder? Box? Electronic format? Carefully consider which format best suits the presentation of your materials. Of critical importance is the manner in which you organize your materials. A clear roadmap for the reader is essential. Nothing detracts from your portfolio more than the random placement of items that fail to follow an orderly and consistent sequence.
§8400. Introduction.
This article applies to the professions of mental health counseling, marriage and family therapy, creative arts therapy, and psychoanalysis and provides for the licensing of such practitioners. The general provisions for all professions contained in article one hundred thirty of this title apply to this article.

§8401. Definitions.
For purposes of this article, the following terms shall have the following meanings:
1. "Board" means the state board for mental health practitioners authorized by section eighty-four hundred six of this article.
2. "Psychotherapy" means the treatment of mental, nervous, emotional, behavioral and addictive disorders, and ailments by the use of both verbal and behavioral methods of intervention in interpersonal relationships with the intent of assisting the persons to modify attitudes, thinking, affect, and behavior which are intellectually, socially and emotionally maladaptive.

§8402. Mental Health Counseling.
1. Definition of the practice of mental health counseling. The practice of the profession of mental health counseling is defined as:
   a. the evaluation, assessment, amelioration, treatment, modification, or adjustment to a disability, problem, or disorder of behavior, character, development, emotion, personality or relationships by the use of verbal or behavioral methods with individuals, couples, families or groups in private practice, group, or organized settings; and
   b. the use of assessment instruments and mental health counseling and psychotherapy to identify, evaluate and treat dysfunctions and disorders for purposes of providing appropriate mental health counseling services.
2. Practice of mental health counseling and use of the titles "mental health counselor" and "licensed mental health counselor". Only a person licensed or exempt under this article shall practice mental health counseling or use the title "mental health counselor". Only a person licensed under this article shall use the title "licensed mental health counselor" or any other designation tending to imply that the person is licensed to practice mental health counseling.
3. Requirements for a professional license. To qualify for a license as a "licensed mental health counselor", an applicant shall fulfill the following requirements:
   a. Application: File an application with the department;
   b. Education: Have received an education, including a master's or higher degree in counseling from a program registered by the department or determined by the department to be the substantial equivalent thereof, in accordance with the commissioner's regulations. The graduate coursework shall include, but not be limited to, the following areas:
      i. human growth and development;
      ii. social and cultural foundations of counseling;
      iii. counseling theory and practice and psychopathology;
      iv. group dynamics;
      v. lifestyle and career development;
      vi. assessment and appraisal of individuals, couples and families and groups;
      vii. research and program evaluation;
viii. professional orientation and ethics;
ix. foundations of mental health counseling and consultation;
x. clinical instruction; and
xi. completion of a minimum one year supervised internship or practicum in mental health counseling;
c. Experience: An applicant shall complete a minimum of three thousand hours of post-master's supervised experience relevant to the practice of mental health counseling satisfactory to the board and in accordance with the commissioner's regulations. Satisfactory experience obtained in an entity operating under a waiver issued by the department pursuant to section sixty-five hundred three-a of this title may be accepted by the department, notwithstanding that such experience may have been obtained prior to the effective date of such section sixty-five hundred three-a and/or prior to the entity having obtained a waiver. The department may, for good cause shown, accept satisfactory experience that was obtained in a setting that would have been eligible for a waiver but which has not obtained a waiver from the department or experience that was obtained in good faith by the applicant under the belief that appropriate authorization had been obtained for the experience, provided that such experience meets all other requirements for acceptable experience;
d. Examination: Pass an examination satisfactory to the board and in accordance with the commissioner's regulations;
e. Age: Be at least twenty-one years of age;
f. Character: Be of good moral character as determined by the department; and
g. Fees: Pay a fee of one hundred seventy-five dollars for an initial license and a fee of one hundred seventy dollars for each triennial registration period.
APPENDICES

A: Indicators of Professional Readiness
B: Student/Site Supervisor Agreement
C: Internship Student Placement Agreement
D: Internship Plan
E: Self-Evaluation
F: Mental Health Counseling Student Site Evaluation
G: Mental Health Counseling Internship Student Evaluation
H: Consent to Record
I: Activity Logs
Introduction: Although academic performance is a crucial factor in evaluating candidate performance, there are other interpersonal and professional skills that are equally important in determining the professional readiness of a particular candidate to enter their chosen field. Therefore, in addition to academic performance, students in the CPS Department will also be evaluated on the following professional readiness indicators.

**Indicators of Professional Readiness:** Essential characteristics expected of all candidates matriculated in a degree program in the CPS Department are as follows:

1. Willingness and ability to self-explore and reflect on experiences in order to grow as a professional;
2. Ability to balance multiple life expectations and commitment to wellness;
3. Ability to demonstrate excellent listening and attending skills;
4. Ability to effectively communicate with others;
5. Ability to work respectfully, appropriately, and effectively with authority figures including university professors and site supervisors;
6. Ability to hear and accept critical feedback;
7. Ability to integrate and make changes based on communicated feedback;
8. Ability to act according to the professional expectations of the classroom and school/agency placement sites especially with regard to -
   - Appropriate dress
   - Promptness
   - Respectful attitude and behavior;
   - Reliability and follow-through
9. Ability to work effectively with administrators, staff, students/clients, and parents;
10. Ability to engage students/clients in a competent, ethical, and professional manner that respects and enhances their inherent dignity and worth;
11. Demonstrated adherence to the ethical guidelines related to Ability to recognize and value client diversity in terms of race, ethnicity, gender, sexual orientation, disability, social class, etc.;
12. Demonstrated ability to practice in a manner consistent with the ACA ethical guidelines; especially those related to ensuring the welfare of all students/clients and doing no harm to students/clients.

MENTAL HEALTH COUNSELING INTERNSHIP

Student/Site Supervisor Agreement

Requirements to be an Internship Site Supervisor

An internship site supervisor must have:

5. A minimum of a master’s degree in counseling or related profession (e.g., marriage and family therapist, social work, psychologist, psychiatrist) with equivalent qualifications, including appropriate certifications and/or licenses;

6. A minimum of two (2) years of pertinent professional experience in the program area in which the student is completing clinical instruction; and

7. Knowledge of the program’s expectations, requirements, and evaluation procedures for students.

As a Site Supervisor, you agree to:

• Provide adequate space and resources necessary for the intern to provide counseling services,
• Provide an average of 1 hour/week of individual or triadic supervision to the intern,
• Provide the intern with a caseload that will allow them to complete their required internship direct service hours within an agreed upon time-frame,
• Provide the opportunity for the intern to become familiar with a variety of professional activities in addition to direct service (e.g., record keeping, supervision, information and referral, inservice and staff meetings).
• Provide 2 written evaluations of the intern for each college semester in which the intern is at your site (see Appendix),
• Communicate with the intern’s University supervisor any concerns in a timely way.

The University Supervisor will,

• Meet with you during the semester to evaluate the intern’s progress,
• Provide a minimum of 1 ½ hours/week (average) group supervision of the intern

The intern will:

• Create a schedule, in collaboration with their site supervisor, of when they will be on site,
• Abide by the Ethical Codes of ACA,
• Purchase ACA student liability insurance,
• Abide by the administrative policies, rules, standards, and practices of the internship site,
• Abide by the student dispositions of the CPS Department and the Oswego School of Education,
• Immediately report to their site supervisor any client cases that may require immediate intervention when the client reports incidents of possible harm to self or others,

SUNY Oswego College of Education and the Department of Counseling and Psychological Services would like to thank you for your support of our students. We could not effectively train mental health counselors without your help and expertise. Thank you for your assistance and cooperation.
We understand and agree to perform the above responsibilities. We understand and agree to practice counseling in accordance with the ACA Code of Ethics. We understand that there is a responsibility to keep SUNY Oswego faculty & site supervisor informed of student on-site activities and provide them with the appropriate material needed for supervision.

MENTAL HEALTH COUNSELING INTERNSHIP

Internship Plan

DIRECTIONS: Using these guidelines, prepare three copies of a typewritten personal contract describing the objectives and activities to which you are committing yourself during the internship. Submit a rough draft to your University Supervisor for review before making your final draft.

GOALS AND OBJECTIVES:
A. State your overall goal for the Internship.
B. Provide specific objectives that you hope to accomplish (e.g., learning to use silence effectively, learning to administer and interpret a given test).

INTERNSHIP DUTIES AND RESPONSIBILITIES:
Describe your specific duties and responsibilities and the projected time involved each week in these activities (estimate preparation and contact time).

SUPERVISION:
Specify how supervision will be handled

ADDITIONAL RESPONSIBILITIES:
Include additional plans (workshops you plan to attend, extra reading that you plan to do, and other possible experiences related to the Internship.)
MENTAL HEALTH COUNSELING INTERNSHIP

Self-Evaluation

Directions: Use this format to complete your paper on your personal and professional growth and learning which is due at the end of the semester.

Make a list of the new skills you have learned this semester:

What skills have you refined or strengthened?

What have you learned about the role of the Mental Health counselor?

What have you learned about yourself as a counselor?

What have you learned about yourself as a person?

Name: ________________________________

Date: ________________________________

*The Intern needs to complete a self-evaluation at the end of each semester of the Mental Health Counseling Internship.

Instructions:

Please rate your placement site based on the following criteria:

1. The site did not meet this objective
2. The site somewhat met this objective.
3. The site adequately met this objective.
4. The site strongly met this objective.
5. N/A - Does not apply to the site.

1. Formal orientation or introduction to training at this site.
2. Introduction to the site’s policies and procedures and my duties at this site.
3. Adequate physical space to provide counseling with appropriate confidentiality at this site.
4. Adequacy of counseling caseload.
5. Treatment by co-workers.
6. Adequacy of management and supervision
7. Adequacy of resources (e.g., phone, copier, office supplies)
8. Opportunities to work with persons representing diversity in our community.
9. Rate all applicable experiences which you had at your site:
   a. Report writing
   b. Intake interviewing
   c. Administration and interpretation of tests
   d. Staff presentations/case conferences
   e. Individual counseling
   f. Group counseling
   g. Family/couple counseling
   h. Psychoeducational activities
   i. Consultation

**Signature of Counseling Internship Student**

________________________________________

Date

________________________________________
The purposes of this form are twofold: (1) to provide the student counselor with an opportunity to review levels of competency in the performance skill areas of basic helping skills and procedural skills and (2) to provide the student counselor with a basis for identifying areas of emphasis within supervision.

Date of Evaluation

Internship Student’s Name

Placement Site

Name of Site Supervisor

Period of Site Placement

Using the following scale, rate the student’s performance on the competencies below:

Highly Unsatisfactory 1  Unsatisfactory 2  Adequate 3  Satisfactory 4  Highly Satisfactory 5

** Use N/A (not applicable) if Internship student has not yet had the opportunity to employ the skill described.

A. **Performance of Basic Internship Requirements**
a. _____ The internship student is making progress in meeting the requirements of
   service hours at the placement site
b. _____ The internship student is providing the supervisor with sufficient work
   samples in a timely way
c. _____ The internship student is following the policies and procedures outlined in the
   Internship Manual
d. _____ The internship student is attending scheduled supervision sessions regularly and
   in a timely way
e. _____ The internship student has identified learning goals and is making progress
   toward achieving them in supervision and at the placement site
f. _____ The internship student is amenable to supervision and demonstrates application
   of supervisor feedback

B. Counselor Practice, Knowledge, and Skills

Internship students should be able to demonstrate appropriate professional proficiency in the self-
critical, accountable, and knowledge-guided use of counseling skills, to include intervention
strategies with systems of varying size and complexity. The emphasis is on direct practice in
counseling a population that is diverse, utilizing the previous didactic and experiential training
received while in the Mental Health Counseling Program. Competence will be displayed through
the student’s ability to:

1. Applying core counseling skills of empathy, respect, concreteness, genuineness, and
   immediacy within the counseling process:
   a. _____ Using empathy to show understanding of how client expresses and experiences.
   b. _____ Communicating respect for the client’s humanness, problem-solving capacities,
      potential for growth and need for hope.
   c. _____ Using concrete language to assist client.
   d. _____ Distinguishing personal feelings and opinions separately from the client’s.
   e. _____ Displaying genuineness.

2. Applying advanced counseling skills such as advanced accurate empathy and
   confrontation within the counseling process:
   a. _____ Using advanced accurate empathy to show understanding of what client is
      unconsciously expressing and experiencing.
   b. _____ Using responsible confrontation to challenge client discrepancies, evasions, and
      resistances.
   c. _____ Using immediacy techniques to examine here-and-now relationship issues.

3. Using modes of direct service intervention appropriate to role level, client needs, and site
   function:
   a. _____ Providing counseling services, including any appropriate services to the family of the
      client.
   b. _____ Planning and coordinating services for a client.
   c. _____ Co-leading or leading a client group.
   d. _____ Matching client with needed community services.
   e. _____ Making appropriate referrals and follow-up.
f. ____ Acting as client’s advocate.

4. **Formulating and implementing a plan to deal with a client problem:**
   a. ____ Writing and discussing a plan of action and rationale for it.
   b. ____ Carrying out the steps of the plan in collaboration with the client.
   c. ____ Monitoring the plan with the client, exchanging feedback about the process.
   d. ____ Maintaining focus and continuity, revising assessments and contracts based on changing needs, circumstances and perceptions.

5. **Terminating and evaluating the counseling relationship:**
   a. ____ Instituting a series of steps leading to successful termination, including, if appropriate, transfer or referral.
   b. ____ Identifying and assessing the effects of termination on self and client.
   c. ____ Identifying and assessing the client’s movement toward agreed on goals and suggesting next steps.

C. **Becoming a Professional Counselor**

_This learning objective is demonstrated in the Internship student’s willingness to be fully responsible for personal thoughts, feelings, and actions and in the internship student’s pro-active stance toward learning. Both are essential for autonomous practice. Competence will be displayed through the student’s ability to:_

1. **Demonstrating a capacity for self-observation and self-awareness:**
   a. ____ Identifying and assessing effects of learning style, personal values, biases, and feelings on performance, especially regarding issues of human diversity.
   b. ____ Examining and changing behaviors that interfere with successful work.
   c. ____ Exercising initiative in making counseling interactions and activities observable and subject to feedback.

2. **Using Counseling Supervisors for learning:**
   a. ____ Identifying initial learning needs and interests.
   b. ____ Actively collaborating in formulating and updating a learning contract.
   c. ____ Asking questions.
   d. ____ Preparing work agendas.
   e. ____ Seeking other available learning resources, including professional staff, print and nonprint media, professional literature and research.
   f. ____ Discussing assignments, challenges, and problems openly with supervisor.

3. **Applying content from counselor program courses in the placement site:**
   a. ____ Applying concepts, skills, professional counseling values, and ethics in work with clients and colleagues.
   b. ____ Identifying and discussing ethical dilemmas in professional decision-making.
   c. ____ Discussing conflicting obligations/choices/expectations between self, client, and colleagues.
   d. ____ Generating reports, presentations, process records, and tapes.
   e. ____ Applying knowledge of theory/empirical findings.
4. Managing time and work demands:
   a. ____ Arriving at assigned times at the placement site or for supervision.
   b. ____ Planning and organizing available time to manage the flow of work.
   c. ____ Prioritizing tasks in relation to deadlines, site procedures, and client system needs.
   d. ____ Completing assignments on time.
   e. ____ Exercising good judgment in completing work priorities.

D. Site and Community Skills
Internship students should be aware of the reciprocal influences of culture and personality on human and organizational behavior. Internship students should observe, assess, and be able to discuss the impact of organizational policies and structures on the site’s services, clients, and staff. Competence will be displayed through the student’s ability to:

1. Identifying and describing the organizational structure of the site, its mandates and services, and the roles and functions of staff members:
   a. ____ Prepare a graphic representation of the placement site’s organizational lines of authority and structure.
   b. ____ Present a simulated 10-minute public service talk about the site.
   c. ____ Describe the site, its purpose and its services.
   d. ____ Respond to telephone requests for information about the site.

2. Describing and assessing the impact of selected policies, legislation, and organizational structure on site services, clients, staff, and self:
   a. ____ Identify how individual problems relate to larger policy issues.
   b. ____ Describe ways in which gender, race, social class, age, ability, sexual orientation, and ethnicity impact the organization and use of services.
   c. ____ Describe the formal and informal means through which site policies are formulated.
   d. ____ Describe the work climate of the site and assess its impact on staff morale.

3. Describing the typical client in relation to the community system, and recognize the ways in which a client’s inability to function appropriately or adequately in the community system leads to involvement with the site:
   a. ____ Identify and describe the key components within the community which promote or diminish client functioning.
   b. ____ Present a simulated expert witness report outlining the negative or non-supportive relationships between the mainstream life of the community and the unmet needs of a specific client or target group.
   c. ____ Identify and describe key organizations or institutions in the client’s life and the interactions existing between the client and these larger systems.
   d. ____ Make effective referrals of clients to other service sites or community resources needed for improving client functioning/coping skills.

4. Contributing to the processes of maintenance and change in the site and the community:
   a. ____ Identify and assess personal feelings, attitudes, and degrees of adaptability with respect to changes within the site.
b. _____ Contribute to the ways in which staff members cooperate in various work groups.
c. _____ Demonstrate developing knowledge and skills for conflict resolution in an organizational setting, participating as a member of work groups.

Strengths that the Internship student has demonstrated include:

Areas in which the Internship student needs to improve include:

Overall summary of this Internship student’s counseling performance at this time:

My signature indicates that I have read the above report and have discussed the content with my supervisee. It does not necessarily indicate that I agree with the report in part or in whole.
To the client:

Your counselor is a mental health counseling trainee enrolled in internship. Mental health counseling trainees in internship have successfully completed most minimum training standards required to earn a graduate degree in mental health counseling at SUNY-Oswego. Consistent with these national standards, your counselor is supervised by multiple entities and is required to undergo rigorous evaluations based on counseling performance.

Counseling trainees are required to demonstrate their professional skills in interactions with clients by providing supervisors with work samples in the form of recordings of counseling sessions. These recordings are intended to enhance their professional training and improve the services you receive. Therefore, your counselor is asking your permission to record your counseling session for these evaluative practices.

Your counselor is compliant with the ACA Code of Ethics (2005) and HIPAA. Congruent with the ACA Code of Ethics and HIPAA, all records of counseling services provided, including recordings, are considered confidential professional information. Recordings will be protected by the counseling trainee and the supervisors of the counseling trainee. These recordings will be utilized for the purpose of professional evaluation and training, and will be reviewed by trainees and supervisors in congruence with the ACA Code of Ethics and HIPAA. The only time this confidentiality may be breached is at your request or when required by law.
Consent to Participate in Mental Health Counseling

I, the undersigned, hereby acknowledge that I have read and discussed with my counselor the information presented above. I fully understand the purpose of this request and I agree to a recorded counseling session for my counselor trainee’s evaluation.
