

Students Registering for Block One Courses in Fall 2022

1. **Co-requisites:** Since some block one courses are co-requisites, register for all block one courses **at the same time**.
2. **EDU 303 Practicum:** EDU 303 is part of block one. This course is a field experience (or practicum). Students in EDU 303 are placed in a classroom with a cooperating teacher, usually in the Syracuse area. Registering for practicum courses like EDU 303 requires two steps:
 - a. Register for EDU 303 online along with other block one classes.
 - b. Complete Field Placement “sign-ups” after registration. The Field Placement Office will contact block one students via email with important sign-up instructions. This process is required to be eligible for a block one EDU 303 placement.
3. **Drive Time:** Field experience placements may be located up to an hour away from Oswego. When scheduling your field experience, be sure to include adequate driving time to and from the placement. A one credit hour placement is usually 2-3 hours a week, in addition to driving time.
4. **Save the Dates:** Students who register for block one courses will attend **two mandatory meetings** early in the block one semester. Updated meeting times and locations can be found on the Field Placement Office and Curriculum and Instruction Advisement Center webpages. Meeting information will be emailed to you at least 1 week prior to the event.
