

Assessing Field Experience

Getting Started

After a Field Experience binder is sent out to a student, respective site staff will receive an email on the date their assessment tools are released. This email will contain a link that can be used to access the assessment tool within Tk20. To access the binder directly, click the link.

Note: If you have not received this email, check your spam folder. If you still do not see an email, please contact your partner institution's Tk20 Unit Administrator.

Click on the link provided in the email. This will open a split screen in a Tk20 server.

- On the left, you will be able to view the binder description, due dates, site/placement information, any attached standards, and the student's submission.
- On the right, you will be able to view the binder's assessment tool(s), grant extensions, and provide additional feedback.
