School Leadership Assessments (SLA)

ANNUAL INSTITUTION RESULTS REPORT

2010-2011 Program Year

Institution: 770 SUC Oswego (SUNY)

Description of Report

This report is organized by assessment (e.g., School Building Leader), then test (e.g., School Building Leader Part One). For each assessment there is an Annual Institution Results by Assessment report; then there is an Annual Institution Results by Subarea and Objective report for each test within the assessment. For information regarding the content and design of each test, please refer to the SLA test frameworks, which are available at the www.nystce.nesinc.com Web site. Please note that some selected-response questions within each test may be treated as non-scorable and do not contribute to candidate scores.

Reporting Elements

Total test score for the School Leadership Assessments is reported on a scale of 100-300 with the passing score equal to a scaled score of 220.

Interpretive Notes and Cautions

1. Information regarding examinee institutional affiliation is based on self-reported information obtained at the time of test registration. This information has not been verified. Individuals who tested during the program year noted above who indicated they were matriculated at your institution at any time since September 2, 2004 are included in this report. Examinees who requested that their scores not be released to their institution are not included in this report.
2. "Institution type" is categorized as coded in the NYSTCE Registration Bulletin:
"CUNY" =325-370
"SUNY" =730-800 & 815
"NY Independent or Proprietary" = all other codes 300-855, exclusive of the ranges specified above
3. The total number of examinees within groups may not equal the total number of examinees since some examinees may not have responded to the background questions.
4. Results labeled "All Institutions" are based on all examinees reported from New York State institutions as coded in the NYSTCE Registration Bulletin.
5. Results reported for only a small number of candidates from a given institution may not be indicative of how large numbers of candidates from that institution typically perform.
6. Candidates whose data are presented in this document may not reflect the same performance as that of candidates who will take these tests in the future.
7. For the Annual Institution Results by Subarea and Objective, "N of Takers" is the number of examinees who took the test at least one time during the program year.
8. For the Annual Institution Results by Subarea and Objective, "Passing" is the percent of examinees who passed the test during the program year based on their best attempt.
9. For the Annual Institution Results by Subarea and Objective, "Average Percent Correct" for subareas and objectives indicates the average percent of selected-response questions answered correctly within the subarea or objective for all attempts by all examinees. Results are provided for the institution, the institution sector, and all institutions.
10. Results included in this report are complete as of the date and time this report is released. Additions or changes to this information may occur after this date. The New York State Education Department maintains an updated file of official results for the purpose of certification.
