SUNY Oswego Educational Opportunity Program (EOP)
Curriculum Overview
Summer Program 2018

Program Mission:
The purpose of the EOP Summer Program is to introduce and prepare our first year EOP students for the successful transition to college-level learning and living.

General Expectations:
To be a successful, independent, and active learner, students must consistently participate in a variety of learning situations both in and out of class. General class participation in the form of daily and punctual attendance, timely and satisfactory completion of assigned work, contributions to group efforts, engagement in class discussions, and consistent self-management of course requirements is expected.

Attendance:
- Punctuality is an important part of being an independent learner. You are expected to be on time, prepared for, and participate in all classes.
- Peer leaders and instructors must be informed **IMMEDIATELY** of any illness preventing you from attending a class. This will be the only acceptable excuse for an absence.
- All absences will be reported to the EOP director.

Classroom Etiquette:
- Respectful behavior is expected at all times.
- All electronic devices place in silent mode - on vibrate – and stowed away.
- Food and drinks are not permitted in the classroom or computer labs.

Evaluation:
The successful completion of the EOP Summer Program will be determined by the following:

1. An overall final average of **80%** or higher. Each of your summer activities will count as follows.

Writing Class	15%
Mathematics Class	15%
Problem Solving Class	15%
Achieving Personal Excellence Class	15%
Financial Aid and Campus Resources Workshops	10%
Study Hall, tutoring, and instructors' office hours	10%
APC individual and group meetings	10%
Community Service and Oswego History	5%
Fun Friday and Peer Leader Activities	5%
Overall Final Average:	100%

2. Attendance at and participation in all classes, workshops and program activities identified on your schedule **is mandatory**. Excessive absences may jeopardize successful completion of the summer program.

   Individual course grading components are specified in each class syllabus. Please refer to each of these for more information regarding how you will be graded in each course.
