This practical seminar prepares individuals to successfully pass the New York State official notary examination and provides a comprehensive view of the Notary Public office. Confusing laws, concepts, and procedures are explained in plain English. Examples are provided to illustrate situations that the Notary is likely to encounter. This workshop is designed to equip you with everything you need to know to pass the Notary Public exam and become a safe and effective Notary Public.

Attendance at this seminar is a MUST for every state notary examinee to properly prepare for the duties, authority and responsibility of holding a New York State notary commission. Don’t miss the unique opportunity to personally learn from Alfred Piombino, “the man who wrote the book.” Courtesy author-expert access is also included via the internet for unlimited questions after the seminar.
