# SUNY Oswego Facilities Services Monthly Project Update

July, 2017

Project #	100086
Project Name	Campuswide-Projects for Energy Management/Conservation

Project Scope	<p>In accordance with Executive Order 88 (EO88) and its requirement for a 20% Energy Use Intensity (EUI) reduction by 2020 in all State facilities, this project will begin to look at the largest, highest energy using buildings on campus. A report on the consumption, possible improvements and potential energy savings has been produced for Penfield Library, Lanigan Hall, Mahar Hall and Laker Hall. The project will now transition to partnering with O'Brien &amp; Gere to submit a grant application through the REV Campus Challenge program to assist with Greenhouse Gas Inventories, AASHE STARS reporting, Energy Road Map update and the feasibility of using an Ice Storage chiller system to cool Penfield, Lanigan, Mahar and Hewitt Unions. (MJL, 2017.06.06)</p>
