

## SUNY Oswego Facilities Services Monthly Project Update

September, 2017

Project #	100144
Project Name	MCC Arena Ice Compressor Replacement

Project Scope	The Arena Ice Compressors provide the chilled glycol to freeze the skating surface and are in need of replacement. New compressor/chiller system(s) will be designed, specified and installed to achieve the performance outlined by the hockey program and to reduce maintenance/operating costs over their life cycle.
