SUNY’s policy on Service Credit:
Locate Title B, 335.4, D1 in the document
Satisfactory full-time prior service in academic rank at any other accredited academic institution of higher education may, at the request of the appointee and in discretion of the Chancellor, or designee, be credited as service, up to a maximum of three years, at the time of appointment at a college. Waiver of all or part of this service credit shall be granted upon written request of the employee to the chief administrative officer not later than six months after the date of initial appointment.

SUNY’s definition of Academic Rank Titles:
https://www.suny.edu/hr/compensation/unclassified/other/academic-rank-titles/

Academic Rank Titles: Instructor, Assistant Professor, Associate Professor, Professor. (Descriptions for Librarian ranks that are also considered academic rank can be found from links under a separate Librarian family.)

Within SUNY policies, appointments to these titles may be on the basis of temporary, term, or continuing (tenure). All of these academic ranks are “tenure track”- appointees are eligible for consideration for continuing appointment. For continuing appointment there are rigid requirements based upon rank, length of service and candidate’s qualifications, and such continuing appointments are made by the Chancellor of the State University of New York upon the recommendation of the chief administrative officer of the campus. [By default, part-time is considered “Qualified Academic Rank” and such service does not count towards tenure even if it is rendered in one of these titles.]

SUNY’s definition of Qualified Academic Rank Titles:
https://www.suny.edu/hr/compensation/unclassified/other/qualified-academic-rank-titles/

Qualified academic ranks are not “tenure track”- service in these titles do not count for meeting service requirements for continuing appointment even if appointees are subsequently appointed to academic rank. Appointees to Qualified Academic Rank are generally Lecturers who fulfill basic curricular needs but may not be assigned the full range of duties normally associated with academic rank appointees, particularly with regard to scholarship. They often have clinical assignments, have appointments supported by research grants, or are on visiting appointments with primary appointment at other colleges, universities, or campuses. By definition, Qualified Academic Rank is: “Rank held by those members of the academic staff having titles of lecturer, or titles of academic rank preceded by the designations “clinical” or “visiting” or other similar designations.
