Summary of Reported Intellectual Integrity Policy Violations

The Committee on Intellectual Integrity has summarized the policy violations from the period of summer, 2008 through spring, 2009, as reported to the Provost.

Our campus policy requires notification. The Committee has provided guidance on the types of violations that might occur, a range of appropriate sanctions, and which non-trivial violations should be reported. You can find this information at our website:

http:/www.oswego.edu/provost/integrity/sanctions_guidelines.html

These are, we emphasize, *reported* violations. We know, based on several surveys, that these numbers significantly under-represent the actual incidents that have occurred on our campus. You can review the results of the most recent survey of academic integrity on our website at:
