STEP 4

REGISTER FOR CLASSES

For the **FALL 2020** semester, you should complete Steps 1-3 by **JULY 27**. This is when non-matriculated students like you can begin to register themselves into courses.

You will need to have completed all of these steps before you are able to register, so don't delay!

You will have a better chance of getting into the classes that you would like to take if you register early.

For tips and advice on registering for classes as an exchange student, take a look at our course registration FAQs for J-1 students on our Accepted Students page: **[oswego.edu/international/accepted-international-students](https://www.oswego.edu/international/accepted-international-students)**
