A large crowd of people, mostly young adults, is gathered in a gymnasium. Many are waving white towels or cloths in the air. The scene is energetic and celebratory. The gymnasium has a high ceiling with exposed structural beams and lights. In the background, there are banners and signs, including one that says "HAWKS".

Where can you buy book?

Visit [campus bookstore](#), which is located in the Hewitt Union. 

- It has both used and new books (Basically, used books are cheaper than new books). You may order books ahead of time online and pick up those when you come to campus. College store will set up all books based on your order.

Another place you can buy books near campus is [Kraftees](#).

- It is about 10 minutes far from Sheldon Hall where the Office of International Education is. They might not have all books that you need to buy but sometimes offer a cheaper price than campus store.

There are two online sites: [Amazon and Chegg](#). Both sites provide rental services, which means you rent books for one semester and return those back after the semester finish. Amazon also offers a cheaper price than other online stores.
