

National Science Foundation Robert Noyce Scholarship Grant

Undergraduate Majors in Mathematics, Biology, Chemistry, Physics, Geology,
Meteorology, or Technology Management

The Robert Noyce Scholarship Fund has been established by the National Science Foundation and SUNY Oswego to assist future STEM teachers. Funds are awarded for up to two years, including one year of undergraduate study and one year of graduate study.

Personal Statement Guidelines

Personal Statement should include the following information (*600 – 900 words*):

- ◆ How did you come to the decision to pursue a teaching career in a STEM area?
- ◆ Why do you believe that you will be a good STEM educator?
- ◆ What experiences have you had working with adolescents and young adults?
- ◆ What leadership, teamwork, collaboration, and/or mentoring experiences have you had?
