

## Services Offered

- Primary care services, physicals, vaccine updates, and referrals.
- Routine lab testing. Referrals for lab tests and x-rays as needed.
- Crutches, canes, and splint loans.
- Emergency first aid for visitors.
- Provides transgender care.
- Pre-exposure Prophylaxis (PrEP) for at need SUNY Oswego students.
- Allergy desensitization provided by local off site providers, call 315.312.4100.
- Contraceptive clinic administered by OCO, call 315.342.0888 for details.

## Self Care Clinic

Health Services has a self care clinic that allows students to pick up OTC medication and supplies without an appointment..

## Quality Improvement

Students are encouraged to complete the anonymous “Patient Feedback Form” provided at Health Services and place it into the designated box in the lobby, or submit online. Students are also asked periodically by Health Services to participate in the “Patient Satisfaction Survey.”

# Health Services

Your community. Your healthcare.

## Fast Facts!

Our building is named after Dr. Mary Walker. The only woman to receive the Medal of Honor for her medical aid in the Civil War!

Accreditation Association for Ambulatory  
Health Care, Inc.

## Who We Are

Health Services promotes the health and wellness of students so that they can be successful in their academic pursuits, personal lives, and be able to make positive personal health choices and decisions.

## Medical Insurance

It is mandatory that all SUNY Oswego students have adequate health insurance. Please be sure your insurance policy will cover medical services in this area.

## Mandatory Health Fee

Health Services, Counseling Services Center, and Health Education programs are supported by the mandatory health fee on the student's tuition bill. This is not to be confused with medical insurance. Part time and summer session students pay the health fee on a prorated basis.

## Free Events!

Health Services has yearly events such as flu clinics in the Fall and a Get Yourself Tested (GYT) event in the Spring!

## Confidentiality

Medical records are strictly confidential and not released to anyone unless:

- The student/legal agent provides Health Services with written authorization to release information, and must be separate from a request to release other academic records such as a transcript or placement.
- There is an official court ordered subpoena requesting medical information.
- The student has communicable disease, which is reportable by law.
- Imminent harm to self or others.
- Security Clearance (i.e., FBI, CIA, etc.).

## Medical Excuses

Health Services has a long-standing policy that excuses for missed classes, exams, or assignments are not written by Health Services personnel. Class attendance is an administrative matter between the student and their instructor.

## SHAC

The Student Health Advisory Committee (SHAC) student members help shape campus health policies, work as liaisons between students and Health Services staff, and also participate in quality improvement activities. Want to apply? Call 315.312.4100.

## What's Goin' Round OZ?

Want to know what sicknesses are common on campus currently? Check out our website on the back.

## After Hours Care

FONEMED is a toll free number available to students when Health Services is closed. Students may talk to an RN about concerns.

The Student Association Volunteer Ambulance Corps (SAVAC) provides emergency coverage during Health Services closed hours.

## Reminder

Each student is responsible for fees incurred for medical care through community offices and agencies.
