Overview
SUNY Oswego is committed to providing its students with a learning-centered environment in which the focus is squarely on providing excellent learning and growth opportunities for our students. This commitment to educational excellence requires that truly exceptional teachers are recognized, celebrated, and rewarded for their contributions to the learning environment. The Provost’s Award for Teaching Excellence (PATE) is an annual award granted to a part-time faculty member who has demonstrated extraordinary success in fostering student learning at SUNY Oswego.

The focus of the PATE is outstanding teaching performance supported by a teacher’s appreciation for the knowledge, skills, attitudes and passionate work ethic associated with excellent teaching.
