Dear Mr. O'Hall, Dr. Windham, Jamie, Tom, and Taylor,

Thank you very much for coming to Field Friday. My group wanted to share these things with you.

1. I liked learning about how you can help frogs to end if they are healthy.
2. I loved what you were talking about the videos because I really like it.
3. I liked learning about the life cycle of a frog.
4. I liked learning that "BD" makes a frog.

Thank you,

Rice Creek Field Station
Thank you, Dr. Jackson! These are four of our favorite things that we saw while at Rice Creek Field Station.

I like the pond

I liked the bridge.

I like the monkey.

I like the squirrel pictures.

I like the animals.
Rice Creek Diamante

Rice Creek

whispering  tweeting
walking  stomping  tiptoeing
mud  birds  trees  trails
observing  sketching  listening
green  lush
