State Employees Federated Appeal

50

YEARS AND COUNTING

The State Employees Federated Appeal is an employee program provided through the joint support of the following bargaining units:

Civil Service Employees Association
14 Washington Avenue
Albany, NY 12210

United University Professions
P.O. Box 15143
Albany, NY 12212

Organization of NYS Management
Confidential Employees
5 Pinewest Plaza, Suite #301
Albany, NY 12205

PBA of NYS Troopers
120 State Street
Albany, NY 12207

NYS Public Employees Federation
P.O. Box 12414
Albany, NY 12212

New SEFA Website go to sefanys.org

The SEFA Website was upgraded in January 2015. The design of the website is based on the three main audiences that use the website. Those are:

1. State employees working to manage the campaign in the state agencies,
2. Federated Community Campaign Managers (FCCM), the charities who work for the local committees to perform administrative duties for the committees.
3. Charities who wish to participate or who already are participating in the campaign annually. The charities either make application or recertify annually on the SEFA website.

When you first arrive at the website you'll note there are a green pledge button, a blue box that says "State Employees, Volunteer working in the state offices," a yellow box that says "Volunteers, Federated Community Campaign Managers, Charities." Below the blue and the yellow buttons is a link that stores historical, financial, Council, local committee and coordinators information. You can also find these links across the top just beneath the heading.

Each of the boxes and links described above house information that each individual audience requires in order to interact with SEFA.

The pledge button brings you to the page that offers online pledging for those campaign area that offer it, the charity search a copy of the brochure as well as a form for those of you who are retiring.

SO, if you are a state employee looking for marketing material to better communicate with your fellow employees or wish to know who the coordinator is for your campaign area, you would click on the big blue box on the website and look through the list of resources.

If you are an FCCM or a charity you click on the big yellow box and follow the links to the FAQs sheet that informs you of what your responsibilities are as a participating charity or you can click on the application and recertification page. On this page you will find the application and recertification forms along with instructions and contact information.

We hope you find the new website to be helpful! If you have suggestions of questions please feel free to contact Suzanne Maloney at suzanne@sefanys.org

What is State Employees Federated Appeal (SEFA)?

SEFA is the only authorized solicitation of State employees in their workplaces on behalf of approved charitable organizations.

Through SEFA, state employees can support charities of their choice through a single pledge, easily paid through a payroll deduction.

Now in our 51st year, State employees continue to make the SEFA one of the largest and most successful state workplace philanthropic fundraisers in the United States. Continuing a long-standing tradition of selfless giving, in 2014, State employees contributed 5.8 million dollars for local and national charitable causes that help our communities, our neighbors and our world.

Structure of the SEFA

SEFA is made up of 23 local campaigns that organize the annual fund raising effort in State workplaces throughout the State.

Each local campaign is managed by volunteers who serve on the Local SEFA Committee. The Committee is comprised of State employees and representatives of labor unions and is responsible for the oversight of the local SEFA region. In conformance with State regulations and policies, the SEFA Council makes admission determinations for all charities and selects a Federated Community Campaign Manager (FCCM) for each local campaign and itself to administer the day-to-day operations and to serve as fiscal agents.

The Office of General Services (OGS) regulates SEFA and provides guidance and oversight.

The SEFA Charity List

The Charity List is a paper or web-based display of charitable organizations that have met SEFA eligibility requirements. A sample charity listing is shown below with key elements shown in *italics*. Key elements include: the organization's SEFA code, the IRS Business File name shown in parentheses if it is "doing business as" another name, a 25-word statement of purpose, and its administrative and fundraising expense rate (AFR).

Sample Charity Listing

999-00000 **ABC Charity** (Alpha-Charity) (800) 555-5555 www.abccharity.org
EIN#123456789 ABC Charity attacks the causes of hunger and poverty by promoting effective and innovative community-based solutions that create self-reliance, economic justice, and food security. 15.8%

Making Informed Giving Decisions

This information is included to help you identify organizations that meet your interests and performance standards.

The Employer Identification Number (EIN) is issued by the Internal Revenue Service (IRS). It can be used for obtaining additional information about an organization from the IRS (877-829-5500). Please Note: Some organizations may be covered under an umbrella organization's tax exemption status and EIN.

The Administrative and Fundraising Rate (AFR) represents the percentage of dollars spent on administering the charity. It is calculated as a percentage of the organization's total support and revenue. Donors concerned about an excessive AFR should contact the organization and/or review its IRS Form 990, which is available to the public, for a complete explanation. Each situation is unique. Donors may contact the charity directly and/or industry oversight organizations in order to better understand the financial status, service delivery record, and governance policies of the charity before donating.

Do I Have To Give Through SEFA?

No. Participation in SEFA is strictly voluntary.

Coercion is forbidden. You have the right to not be improperly influenced regarding your decision to give or not to give through SEFA. Prohibited practices include, but are not limited to: supervisors soliciting the employees they supervise; setting 100% participation goals, providing and using donor lists for purposes other than the routine collection of contributions, establishing personal dollar goals and quotas, and developing and using lists to identify non-contributing employees.

If you prefer, you may donate to the SEFA anonymously by placing your confidential gift in a sealed standard envelope.

Can I Specify Which Organization Will Receive My Contribution?

Yes, SEFA is a donor-designated campaign. By using the code of the charity of your choice, you ensure that your donation goes to meet the needs that you feel are most important. Simply designate the organization(s) of your choice where indicated on your pledge form by entering its t code and the amount you wish to pledge. Additional designations may be completed on a second pledge form. Except for documented expenses for the operation of the local region and unfulfilled pledges, all contributions are distributed as designated.

There is no limit to the amount of contributions an organization may receive through SEFA. There is also no limit to the number of participating charities to which you may designate a contribution. To give to more organizations than can be added to the pledge form, complete additional pledge forms and staple them together. The top pledge form must contain the sum of all pledges.

You cannot designate to an organization that is not listed in the SEFA Charity List. Adding organizations not listed, or "write-ins", is prohibited and donations to such organizations will be treated as undesignated funds. In addition, pledges made using anything other than the assigned codes cannot be honored and will be treated as undesignated funds. Undesignated funds are distributed to only those charities that receive donations and in the same proportion as they received designations.

Any pledges without a valid SEFA code will be considered undesignated. All undesignated funds will be distributed among all the participating charities within a local campaign region. State regulations prohibit giving undesignated funds to any charity in its first year as a SEFA participant. Each participating charity shall be allotted the same percentage of total undesignated funds as it received as designated funds, minus only the deduction for the SEFA campaign's administrative costs.

What Are Independent Organizations and Federations?

A federation is a charitable organization that provides common fundraising, administrative, and management services to its member organizations. Member organizations may pay dues or fees to that federation as a service charge. Independent organizations are not members of a federation and participate in SEFA on their own.

What Happens if the Organization I Select Goes Out of Business Before All Funds Have Been Disbursed?

SEFA will disburse funds to designated charities until it is notified that the organization is unable to accept any further funds due to closure. The remaining designation to the organization will be disbursed as undesignated funds.

What Is The Payroll Deduction Option?

Payroll deduction makes it convenient for you to give by spreading your contribution across the entire year. Payments on payroll deduction pledges begin on the first pay period beginning in January and conclude with the last pay period in December. You may cancel a payroll deduction at any time during the year by notifying your payroll office in writing. There is no simpler way for you to make good things happen for so many people than to contribute using payroll deduction. Payroll deduction helps you care for your community and your world.

Will I Receive A Receipt For My Contribution?

You should keep a copy of your pledge form, as well as your pay statements (if you made a payroll deduction contribution), as a receipt of your pledge. A State employee who makes a one-time (check, or money order) contribution must maintain a bank record and a copy of the pledge form to show the name of the organizations contributed to, the date of the contribution, and the amount of the contribution. You should consult a tax adviser to determine if additional verification of the donation is required by the IRS.

What Are The Costs Of The Campaign?

Funds are required to print materials, train volunteers, audit contributions, and other administrative duties. All local campaign costs are reviewed and approved by the Local Committee governing the local campaign. On average, this cost is low compared with other fundraising campaigns; therefore, donating to a charity through SEFA ensures every dollar you pledge goes a very long way toward helping others.

What Is On-line Pledging or E-Giving?

On-line pledging and E-giving, in general terms, mean that donors have the additional pledging tools of the charity list and pledge form available to them "on-line" or on the internet or intranet. Currently, several local campaigns offer on-line charity lists and secure pledge transactions. This paperless process is one way SEFA is striving to "go green", and reduce administrative costs related to the processing of pledges.
