Regarding Alterations to Licenses and Other Documents
In accordance with the provisions of specific New York State Penal Laws and the Vehicle and Traffic Laws, it is unlawful to make alterations, including, marking, obliterations or other additions, deletions, or changes to any license, certification, registration, or license plate.

In addition, it is unlawful to possess, copy, reproduce, or display any card or computer read material without the consent to benefit yourself or another person, including possession of software to possess, use, or distribute licensed titles or other documents.

 Violation Consequence
Driving While Ability Impaired (DUI) 500.00 fine, up to 30 days jail, 6-12 month license revocation,
Driving While Intoxicated (DWI) 1,000.00 fine, up to 1 year jail, 1-2 year license revocation,
Felony Driving While Intoxicated 1,000.00 fine, license revoked for 1 year, up to 5 year revocation,
Aggravated Driving While Intoxicated 2,000.00 fine, license revoked for 5 years, 5-7 year revocation,
Using False Identification for purchase of alcohol Up to 1,000.00 fine and/or up to 1 year in jail,
Possession of liquor or alcohol by persons under 21 years of age Up to 1,000.00 fine and/or up to 1 year in jail,
Assisting liquor to a visibly intoxicated person Up to 1,000.00 fine, up to 1 year in jail,
Sale of alcohol without an adequate license Up to 1,000.00 fine and/or up to 1 year in jail,
Supplying alcohol to a person known to be under 21 years of age Up to 1,000.00 fine and/or up to 1 year in jail,
Supplying alcohol to a person known to be under 21 years of age Up to 1,000.00 fine and/or up to 1 year in jail,
Because persons under age 21 who are caught with a BAC of .02% or more but not more than .07% of 1% will lose their drivers license for at least 6 months and many times will have to pay $525 civil penalty and $100 suspension termination fee.

Violation Consequence
Persons under age 21 who are caught with a BAC of .04% or more will lose their drivers license for at least 1 year and may have to pay $125 civil penalty and $100 license revocation fee.

Regarding Zero Tolerance
Persons under age 21 who are caught with a BAC of .02% or more but not more than .07% of 1% will lose their drivers license for at least 6 months and many times will have to pay $525 civil penalty and $100 suspension termination fee.

Regarding Social Host Law
New York State imposes social host laws on the person who serves alcohol illegally. This means that if someone serves alcohol to a minor under 21 years of age, the person serving the alcohol can be sued for damages by anyone harmed by that minor, including the parents or family members of that minor.

Regarding the Use of Alcohol/Drugs
The use of alcohol is allowable only by persons of legal age in New York State. Some states allow the use of alcohol and others do not.

### Drugs: Possible Effects of Use, Overdose and Withdrawal Symptoms

#### Drug Type
- **Depressants**
  - Amytal, Butisol, Fiorinal, Lotusate
  - **Possible Effects of Use:** Fatigue, memory loss, depression, irritability, suicidal tendencies.
  - **Withdrawal Symptoms:** Anxiety, irritability, depression, shaking, agitation.
- **Stimulants**
  - Dexadrine, Obetrol
  - **Possible Effects of Use:** Increased energy, alertness, euphoria, increased heart rate, blood pressure.
  - **Withdrawal Symptoms:** Drowsiness, irritability, depression, anxiety.
- **Anabolic Steroids**
  - **Possible Effects of Use:** Increased muscle mass, strength, energy levels.
  - **Withdrawal Symptoms:** Fatigue, weakness, decreased muscle mass.
- **Hallucinogens**
  - LSD
  - **Possible Effects of Use:** Visual and auditory hallucinations, distorted perception, disorientations.
  - **Withdrawal Symptoms:** Depression, anxiety, paranoia, suicidal tendencies.
- **Narcotics**
  - Morphine, Heroin
  - **Possible Effects of Use:** Pain relief, sedation, euphoria, constipation.
  - **Withdrawal Symptoms:** Tachycardia, fever, delirium tremens.
- **Depressants**
  - Alcohol
  - **Possible Effects of Use:** Relief of stress, relaxation, impaired judgment.
  - **Withdrawal Symptoms:** Nausea, vomiting, respiratory depression.
- **Stimulants**
  - Caffeine, Ritalin, Adderall
  - **Possible Effects of Use:** Increased energy, alertness, decreased appetite.
  - **Withdrawal Symptoms:** Drowsiness, irritability, depression, anxiety.
- **Anabolic Steroids**
  - **Possible Effects of Use:** Increased muscle mass, strength, energy levels.
  - **Withdrawal Symptoms:** Fatigue, weakness, decreased muscle mass.
- **Hallucinogens**
  - **Possible Effects of Use:** Visual and auditory hallucinations, distorted perception, disorientations.
  - **Withdrawal Symptoms:** Depression, anxiety, paranoia, suicidal tendencies.
- **Narcotics**
  - Morphine, Heroin
  - **Possible Effects of Use:** Pain relief, sedation, euphoria, constipation.
  - **Withdrawal Symptoms:** Tachycardia, fever, delirium tremens.
- **Depressants**
  - Alcohol
  - **Possible Effects of Use:** Relief of stress, relaxation, impaired judgment.
  - **Withdrawal Symptoms:** Nausea, vomiting, respiratory depression.
- **Stimulants**
  - Caffeine, Ritalin, Adderall
  - **Possible Effects of Use:** Increased energy, alertness, decreased appetite.
  - **Withdrawal Symptoms:** Drowsiness, irritability, depression, anxiety.
- **Anabolic Steroids**
  - **Possible Effects of Use:** Increased muscle mass, strength, energy levels.
  - **Withdrawal Symptoms:** Fatigue, weakness, decreased muscle mass.
- **Hallucinogens**
  - LSD
  - **Possible Effects of Use:** Visual and auditory hallucinations, distorted perception, disorientations.
  - **Withdrawal Symptoms:** Depression, anxiety, paranoia, suicidal tendencies.
