

**OSWEGO**  
STATE UNIVERSITY OF NEW YORK

## **Statement in Support of a Drug-Free Campus**

The State University of New York at Oswego recognizes that the abuse of alcohol and/or illegal possession or use of other drugs adversely affects the pursuit of its educational objectives. The College is committed to providing a safe and comfortable educational environment for all members of the College community. The abuse of alcohol and other drugs adversely affects the user as well as others who live and work in the same environment. It is a fact demonstrated through both national and local data that the use of alcohol and other drugs inhibits performance and adversely affects health, safety, and the campus environment. It is the responsibility of the College to uphold the Federal Drug-Free Schools and Communities Act Amendments of 1989 and the Federal Drug-Free Workplace Act of 1988. Therefore, all members of our campus community are hereby notified that the abuse of alcohol, the unlawful sale, possession, or distribution of alcohol, and/or the unlawful sale, possession, distribution or manufacture of LSD and other hallucinogens, marijuana, hashish, cocaine, peyote, heroin, amphetamines, barbiturates, and other controlled substances, except under legal medical prescription, is prohibited on and off College premises, at College sponsored events, or at events sponsored by student organizations or student groups.

**Students and employees** who are found to have violated this policy will be subject to disciplinary sanctions up to and including expulsion from the College and/or termination of employment. Student groups or organizations found to have violated this policy will be subject to sanctions up to and including loss of privileges for using the grounds and facilities of the College to advertise, recruit, and conduct activities.

In efforts to establish and maintain a drug-free workplace and campus community, the College will provide ongoing alcohol and other drug awareness educational programs and disseminate information about alcohol and other drug use. All students and employees will receive a statement of this policy annually.

**Any SUNY Oswego employee** who is convicted of a criminal drug or alcohol statute violation must notify his/her supervisor of the conviction within five days after the conviction. As required by the Federal Drug-Free Workplace Act of 1988, the College must inform contracting or granting agencies of such convictions within ten days after receiving notification from the employee or otherwise receiving notice of a conviction. Any employee found to be in violation of this policy will be subject to corrective action. Questions about this Drug-Free Workplace policy should be referred to the Director of Human Resources, 201 Culkin Hall, (315) 312-2230.

## Drugs: Possible Effects of Use, Overdose and Withdrawal Symptoms

Drug Type Trade or Other Names  
 ♦ **Alcohol**..... Beer, wine, liquor, 40's  
*Possible Effects of Use:* Impaired memory, attention, motor and emotional functioning. Affects vision, reflexes, and coordination.  
*Effects of Overdose:* Vomiting, acute alcohol intoxication, unconsciousness, can be fatal.  
*Withdrawal Symptoms:* Trembling, anxiety, convulsions, insomnia, hallucinations, confusion, anorexia.

Drug Type Trade or Other Names  
 ♦ **Anabolic Steroids**  
 Testosterone ..... Depo-testosterone, Sustanon  
 Other anabolic steroids ..... Parabolin, Winstrol, Equipoise, Anadrol

### *Possible Effects of Use:*

**Men:** Shrinking of testicles, reduced sperm count, infertility, baldness, development of breasts, increased risk of prostate cancer.  
**Women:** Growth of facial hair, male pattern baldness, changes in menstrual cycle, enlargement of clitoris, deepened voice.  
**All:** Extreme mood swings, manic-like symptoms, delusions, muscle growth, mood swings, anger outbursts.

*Effects of Overdose:* Liver damage, stomach bleeding, cancer  
*Withdrawal Symptoms:* Muscle damage, mood swings, anger outbursts.

Drug Type Trade or Other Names  
 ♦ **Stimulants**  
 Cocaine.....Coke, Flake, Snow, Crack  
 Amphetamines .....Biphelamine, Desoxyyn, Dexadrine, Obetrol  
 Methylphenidate..... Ritalin  
 Ephedrine ..... Herbal Ecstasy  
 Other Stimulants..... Adonex, Cylert, Didrex, Ionamin, Melfiat, Plegine, Sanorex, Tenuate, Tepanii, Prelu-2  
 Synthetic Cathinones (Bath Salts)..... Cloud 9, Amped Disco, Rocky Mountain High

*Possible Effects of Use:* Increased alertness, excitation, euphoria, increased pulse rate and blood pressure, insomnia, loss of appetite.  
*Effects of Overdose:* Agitation, increase in body temperature, hallucinations, convulsions, possible death.  
*Withdrawal Symptoms:* Apathy, long periods of sleep, irritability, depression, disorientation.

Drug Type Trade or Other Names  
 ♦ **Cannabis**  
 Marijuana ..... Pot, Acapulco Gold, Grass, Reefer, Sinservvia, Thai Sticks  
 Tetrahydrocannabinol ..... THC, Mannol  
 Hashish..... Hash  
 Hashish Oil ..... Hash Oil  
 Synthetic Cannabinoids (Spice/Herbal Incense)..... Spice, K2, Legal Funk, Demi Glaze

*Possible Effects of Use:* Euphoria, relaxed inhibitions, increased appetite, disoriented behavior, hallucinations and elevated heart rate/blood pressure.  
*Effects of Overdose:* Fatigue, paranoia, possible psychosis, anxiety and mood alteration.  
*Withdrawal Symptoms:* Insomnia, hyperactivity, decreased appetite occasionally reported.

Drug Type Trade or Other Names  
 ♦ **Depressants**  
 Chloral Hydrate.....Noctec  
 Barbiturates ..... Amytal, Butisol, Fiorinal, Lotusate  
 Benzodiazepines ..... Ativan, Dalamane, Diazepam, Librium, Xanax, Serax, Valium, Tranxene, Versed, Halcion, Paxipam, Restoril  
 Glutethimide.....Doriden  
 Other Depressants.....Equanil, Miltown, Noludar, Placidyl, Valmid

*Possible Effects of Use:* Slurred speech, disorientation, drunken behavior without odor of alcohol.  
*Effects of Overdose:* Shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma, possible death.  
*Withdrawal Symptoms:* Anxiety, insomnia, tremors, delirium, convulsions, possible death.

Drug Type Trade or Other Names  
 ♦ **Hallucinogens**  
 LSD .....Acid, Microdot  
 Mescaline and Peyote.....Mexc, Buttons, Cactus  
 Phencyclidine.....PCP, Angel Dust, Hog  
 Phencyclidine Analogues.....PCE, PDPy, TCP  
 Ketamine .....Ketalar, Ketaset, Special K, K  
 Other Hallucinogens .....Bufotenine, DMT, Det,  
 .....Psilocytin, Psilocyyn  
 Psilocybin.....magic mushrooms, shrooms  
*Possible Effects of Use:* Delusions and hallucinations, poor perception of time and distance, sweating, elevated body temperature.  
*Effects of Overdose:* Longer more intense "trip" episodes, psychosis, possible death due to accidents.  
*Withdrawal Symptoms:* Anxiety or depression.

Amphetamine-like Hallucinogens ..... DMA, PMA, STP, MDA, MDMA, Ecstasy, X, TMA, DOM, DOB  
*Possible Effects of Use:* Delusions and hallucinations, altered judgment, increased body temperature and sweating.  
*Effects of Overdose:* Psychosis, mental health problems, heat stroke or possible death due to elevated body temperature.  
*Withdrawal Symptoms:* Depression.

Drug Type Trade or Other Names  
 ♦ **Inhalants**  
 Nitrous Oxide.....whippers, balloons, whippets  
 Butyl Nitrite (or Amyle Nitrite) .....snappers, poppers

*Possible Effects of Use:* Impaired judgment, impulsivity, aggressive behavior, slurred speech, lethargy, tremors, dizziness, lack of coordination, blurred or double vision, euphoria, and psychomotor retardation.  
*Effects of Overdose:* Liver, kidney, brain, muscle damage, drowsiness, mental confusion, dizziness, possible death due to asphyxiation.  
*Withdrawal Symptoms:* No known physical symptoms.

Drug Type Trade or Other Names  
 ♦ **Narcotics**  
 Opium.....Dover's Powder, Paregoric, Parepectolin  
 Morphine .....Morphine, MS-Contin, Roxanol, Roxanol-SR  
 Codeine ..... Tylenol w/codeine, Empirin w/codeine, Robitussin A-C, Fiorinal w/codeine  
 Heroin.....Diacetylmorphine, Horse, Smack  
 Hydromorphone .....Dilaudid  
 Meperidine (Pethidine)..... Demerol, Mepergan  
 Methadone..... Ddophine, Methadone, Methadose  
 Other Narcotics ..... Numorphan, Percodan, Percocet, Tylox, Tussionex, Fentanyl, Darvon, Lomotil, Talwin, Oxycontin  
*Possible Effects of Use:* Euphoria, drowsiness, respiratory depression, constricted pupils, nausea.  
*Effects of Overdose:* Slow and shallow breathing, clammy skin, convulsions, coma, possible death.

*Withdrawal Symptoms:* Watery eyes, runny nose, yawning, loss of appetite, tremors, panic, cramps, nausea, chills and sweating.

Drug Type Trade or Other Names  
 ♦ **Predatory Drugs**  
 GHB .....liquid G, Liquid X, Georgia Home Boy, EZ lay  
*Possible Effects of Use:* Relaxation, reduction of inhibitions, decreased motor skills, mood lift, dizziness, amnesia, difficulty focusing eyes, slurred speech, nausea, grogginess.  
*Effects of Overdose:* Extreme grogginess, unconsciousness, extreme dizziness and disorientation, vomiting, convulsions, depressed breathing and death; overdose effects are also induced when mixed with alcohol; unconsciousness typically lasts 1 to 4 hours.  
*Withdrawal Symptoms:* Anxiety, inability to sleep, arrhythmic heart beat.

Rohypnol (Sedative/ Hypnotic) .....Ruffies, Roofies, Rophies, Roachies, laRoche, Circles, Rope, R-2, Rib, "Date Rape"  
*Possible Effects of Use:* Decreased blood pressure, drowsiness, dizziness, visual disturbances, memory loss up to 24 hours  
*Effects of Overdose:* Death due to coma induction; intensifies effect of alcohol; peaks in 2 hours and lasts up to 8 or more hours (per 2 mg).  
*Withdrawal Symptoms:* Headache, muscle pain, loss of identity, anxiety, seizures, convulsions, numbness, hallucinations.

# Federal Trafficking Penalties: Marijuana And Controlled Substances

## ◆ Marijuana

**Description:** Marijuana

(mixture containing detectable quantity\*)

**Quantity:** 1,000 kg or more or 1,000 or more plants

**First Offense:** Not less than 10 years; not more than life. If death or serious injury, not less than 20 years, not more than life.

Fine: not more than \$4 million individual;  
\$10 million other than individual.

**Second Offense:** Not less than 20 years; not more than life.

If death or serious injury, mandatory life imprisonment.

Fine: not more than \$8 million individual;  
\$20 million other than individual.

**Description:** Marijuana

(mixture containing detectable quantity\*)

**Quantity:** 100 kg to 999 kg or more or 100 to 999 plants

**First Offense:** Not less than 5 years; not more than 40 years. If death or serious injury, not less than 20 years, not more than life.

Fine: not more than \$2 million individual;  
\$5 million other than individual.

**Second Offense:** Not less than 10 years; not more than life.

If death or serious injury, mandatory life imprisonment.

Fine: not more than \$4 million individual;  
\$10 million other than individual.

**Description:** Marijuana

**Quantity:** More than 10 kg; 50kg to 99 kg or more or to 99 plants; more than 1 kg of hashish oil

**First Offense:** Not less than 20 years; not more than 40 years. If death or serious injury, not less than 20 years, not more than life.

Fine: \$1 million individual; \$5 million other than individual.

**Second Offense:** Not more than 30 years.

If death or serious injury, mandatory life imprisonment.

Fine: not more than \$2 million individual;  
\$10 million other than individual.

Description	Quantity
-------------	----------

Marijuana .....	1 to 49 plants; Less than 50 kg (mixture)
-----------------	---

Hashish.....	10 kg or less
--------------	---------------

or

Hashish Oil.....	1 kg or less
------------------	--------------

**First Offense:** Not more than 5 years.

Fine: Not more than \$250,000 individual;  
\$1 million other than individual.

**Second Offense:** Not more than 10 years.

Fine: \$500,000 individual; \$2 million other than individual.

## ◆ Controlled Substance Schedule I & II

Description	Quantity
-------------	----------

Methamphetamine.....	5-49 gm pure or 50-499 gm mixture
----------------------	-----------------------------------

Heroin.....	100-999 gm mixture
-------------	--------------------

Cocaine.....	500-4999 gm mixture
--------------	---------------------

Cocaine Base .....	28-279 gm mixture
--------------------	-------------------

PCP.....	10-99 gm pure or 100-999 gm mixture
----------	-------------------------------------

LSD.....	1-9 gm mixture
----------	----------------

Fentanyl.....	40-399 gm mixture
---------------	-------------------

Fentanyl Analogue.....	10-99 gm mixture
------------------------	------------------

**First Offense:** Not less than 5 years; not more than 40 years.

If death or serious bodily injury, not less than 20 years, or more than life.

Fine: not more than \$5 million individual;

\$25 million if not an individual.

**Second Offense:** Not less than 10 years; not more than life.

If death or serious bodily injury, life imprisonment.

Fine: not more than \$8 million individual;

\$50 million if not an individual.

Description	Quantity
-------------	----------

Methamphetamine.....	50 gm or more pure or
----------------------	-----------------------

	500 Gm or more mixture
--	------------------------

Heroin .....	1 kg or more mixture
--------------	----------------------

Cocaine.....	5 kg or more mixture
--------------	----------------------

Cocaine Base .....	280 gm or more mixture
--------------------	------------------------

PCP.....	100 gm or more pure or 1 kg or more mixture
----------	---

LSD.....	10 gm or more mixture
----------	-----------------------

Fentanyl.....	400 gm or more mixture
---------------	------------------------

Fentanyl Analogue.....	100 gm or more mixture
------------------------	------------------------

**First Offense:** Not less than 10 years; not more than life. If death

or serious bodily injury, not less than 20 years, or more than life.

Fine: not more than \$10 million individual;

\$50 million if not an individual.

**Second Offense:** Not less than 20 years; not more than life.

If death or serious bodily injury, life imprisonment.

Fine: not more than \$20 million individual;

\$75 million if not an individual.

Two or More Prior Offenses: Life Imprisonment. Fine of not more

than \$20 million if an individual, \$75 million if not an individual.

Description	Quantity
-------------	----------

Others.....	any
-------------	-----

**Any Drug Product Containing Gamma**

Hydroxybutyric Acid.....	any
--------------------------	-----

Flunitrazepam (schedule IV).....	1 gm
----------------------------------	------

**First Offense:** Not more than 20 years. If death or serious bodily

injury, not less than 20 years or more than life.

Fine: \$1 million individual; \$5 million if not an individual.

**Second Offense:** Not more than 30 years.

If death or serious bodily injury, life imprisonment.

Fine: \$2 million individual; \$10 million if not an individual.

## ◆ Controlled Substance Schedule III

Description	Quantity
-------------	----------

All.....	Any
----------	-----

**First Offense:** Not more than 10 years.

Fine: Not more than \$500,000 individual;  
\$25 million if not an individual.

**Second Offense:** Not more than 20 years.

If death or serious bodily injury, not more than 30 years.

Fine: not more than \$1 million if an individual, \$5 million if not an individual.

## ◆ Controlled Substance Schedule IV

Description	Quantity
-------------	----------

All.....	Any
----------	-----

**(other than one gram or more of Flunitrazepam)**

**First Offense:** Not more than 5 years.

Fine: Not more than \$250,000 individual;  
\$1 million if not an individual.

**Second Offense:** Not more than 10 years.

Fine: Not more than \$500,000 individual;  
\$2 million other than individual.

## ◆ Controlled Substance Schedule V

Description	Quantity
-------------	----------

All.....	Any
----------	-----

**First Offense:** Not more than 1 year.

Fine: Not more than \$100,000 individual;  
\$250,000 if not an individual.

**Second Offense:** Not more than 4 years.

Fine: Not more than \$200,000 individual;  
\$500,000 if not an individual.

For more details regarding Drug Information and Federal Trafficking penalties, go to [HTTP://www.usdoj.gov/dea/](http://www.usdoj.gov/dea/)

*Persons convicted on Federal charges of drug trafficking within 1,000 feet of a University (21 USC §860) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year.*

## Regarding Alterations to Licenses and Other Documents

In accordance with the provisions of specific New York State Penal Laws and the Vehicle and Traffic Laws, it is unlawful to make alterations, including erasures, chalking, obliterations or other additions, deletions, or changes to any license, certificate of registration, or license plate.

In addition, it is unlawful to possess, sell, or distribute licenses that have been altered or otherwise falsified, or to possess or otherwise use a license belonging to another, either to gain access to an establishment where alcohol is served or to display as identification to law enforcement officers or others.

Furthermore, it is unlawful to possess, copy, reproduce, duplicate or sell any computer related material with the intent to benefit yourself or another person, including possession of software to possess, sell, or distribute falsified licenses or other documents.

Violation of these sections of law may constitute a felony offense under New York State Penal Law and in all instances, constitute criminal offenses.

## Regarding Zero Tolerance

Persons under age 21 who are caught with a BAC of .02 or more but not more than .07 of 1% will lose their drivers' licenses for at least 6 months and may have to pay \$125 civil penalty and \$100 suspension termination fee.

Persons with a second zero tolerance violation will lose their license for 1 year or until age 21 and may have to pay \$125 civil penalty and \$100 license reapplication fee.

## Regarding Social Host Law

New York State imposes social host liability on any person who serves alcohol illegally. This means that if someone serves alcohol to a minor (a person under 21 years of age), the person serving the alcohol can be sued for damages by anyone harmed by that minor, including the parents or family of the minor if the minor him/herself suffers harm.

## Regarding the Use of Alcoholic Beverages

The use of alcoholic beverages is only permissible by persons of legal age on the Oswego State campus:

- at events approved by the College in licensed facilities, and
- in individual residence hall living quarters.

This policy applies to all faculty, staff, students, student organizations and all groups using College facilities and is consistent with Federal, State, and local laws as well as College policies. It recognizes that the full responsibility for student conduct and welfare has been placed with the College Council by authority of Section 356 of the NYS Education Law, and that the use of alcohol by all members of the campus community is a matter of proper concern to the College Council. No funds collected by the College will be used for the purchase or serving of alcoholic beverages. Food and nonalcoholic beverages will be available whenever alcoholic beverages are served at authorized events.

For further information and detailed guidelines as to the use of alcoholic beverages at Oswego State, please refer to the Student Handbook.

## Education, Counseling, Treatment and Rehabilitation Programs

Members of the campus community are encouraged to utilize the many campus and community resources available to them regarding alcohol and other drug information and issues. Academic courses focusing on alcohol and other drug issues are offered at SUNY Oswego in addition to extracurricular programs designed to increase awareness and understanding of personal alcohol and other drug use choices and consequences. See back for more information.

## Summary Of New York State Laws Regarding Alcohol Violations

<i>Violation</i>	<i>Consequence</i>
<b>Driving While Ability Impaired</b> ..... (DWAI) (BAC .05 - .07)	..... \$300-500 fine, up to 15 days in jail, 90-day license revocation
<b>Driving While Intoxicated</b> ..... (DWI) (BAC .08 or higher)	..... \$500-1,000 fine, up to 1 year in jail, at least a 6-month license revocation
<b>Felony Driving While Intoxicated</b> ..... (Second AGG DWI within 10-year period)	..... \$1,000 - 5,000 fine, up to 4 years in jail, at least a 18-month license revocation
<b>Aggravated Driving While Intoxicated</b> ..... (AGG DWI) (BAC .18 or higher)	..... \$1,000 - 2,500 fine, up to 1 year in jail
<b>Using False Identification for purchase of alcohol</b> .....	Up to \$1,000 fine and/or 1 year in jail
<b>Possession by persons under 21 years of age</b> .....	\$50 fine per offense
<b>Furnishing alcohol to persons under 21 years of age</b> .....	Up to \$1,000 fine and/or 1 year in jail
<b>Furnishing alcohol to a visibly intoxicated person</b> .....	Up to \$1,000 fine and/or year in jail
<b>Sale of alcohol without an appropriate license</b> .....	Up to \$1,000 fine and/or year in jail (applies to gatherings where a fee is charged for attendance and alcohol is served)
<b>Second Offense (Felony)</b> .....	1-25 years in jail
<b>City of Oswego Open Container Ordinance</b> .....	Maximum \$250 fine or 15 days in jail or both
Prohibits possession of open containers in any public space	

**For more detailed information regarding NYS laws related to alcohol violations, refer to NYS Vehicle and Traffic Law and NYS Penal Law.**

## My Student Body

Since most students favor activism and prevention efforts over negativism and disciplinary action, our school is always looking for innovative ways to enhance our comprehensive alcohol strategy and to promote the responsible use of alcohol both on- and off-campus. Although alcohol use does not present a problem for most students, alcohol abuse and experimentation is an issue that affects the entire community.

SUNY Oswego is proud to offer MyStudentBody, which features online courses about alcohol and drugs that are used in schools nationwide as a requirement for first-year students. Providing online education through a flexible interactive design, the MyStudentBody courses teach students about alcohol, drugs and other addictive substances. The goal of the course is to increase students' knowledge, decrease harmful behaviors and provide information to help students make good decisions.

## Educational Sanction for Alcohol and Other Drug Intervention Program

The goal of this program is to educate students on how to reduce risky behaviors and the harmful consequences of alcohol and other drug abuse.

**BASICS** is designed to assist students in examining their own drinking/use behaviors in a judgment-free environment. BASICS is not an abstinence-only program, and is appropriate for anyone who uses alcohol/substances in a high-risk manner, especially if a student is concerned about how their use compares to other students.

**InShape** is a 30-minute health interview session that assesses drinking, smoking, drug use, exercise, sleep, eating habits, stress management and attitudes related to alcohol/other substances using motivational interviewing. Students explore individual use choices and behaviors and are given feedback about personal risk factors and advice about ways to moderate use.

A student who has been referred to BASICS or InShape by a court of law may be permitted to register in the program depending on the level of violation and the student's previous history, with the understanding that participation in this process is also cumulative in nature and, therefore, will be applied to student's alcohol and other drug record at SUNY Oswego.

For more information or to register for BASICS or InShape, please contact the Lifestyles Center at (315) 312-5648.

## **Description of Health and Personal Risks**

The abuse of alcohol and/or use of other drugs can lead to a variety of consequences including temporary or permanent physical or mental impairment, accidents, injury, illness, and death. Such use and abuse also gives rise to conduct which causes injury, damage to property of others, and places all members of the campus community at risk.

Evidence indicates that poor academic and work performance result from use of alcohol and other drugs. Alcohol and other substance abuse may lead to unsafe and/or nonconsensual sex, increasing the risks for HIV/AIDS, other sexually transmitted diseases, and unwanted pregnancy. Those who abuse alcohol and/or other drugs may experience depression, a sense of isolation, anxiety, paranoia, loss of self-respect, and impaired judgment, memory, and coordination. For more detailed information of the health and personal risks of alcohol and other drug abuse, call the Lifestyles Center at (315) 312-5648.
